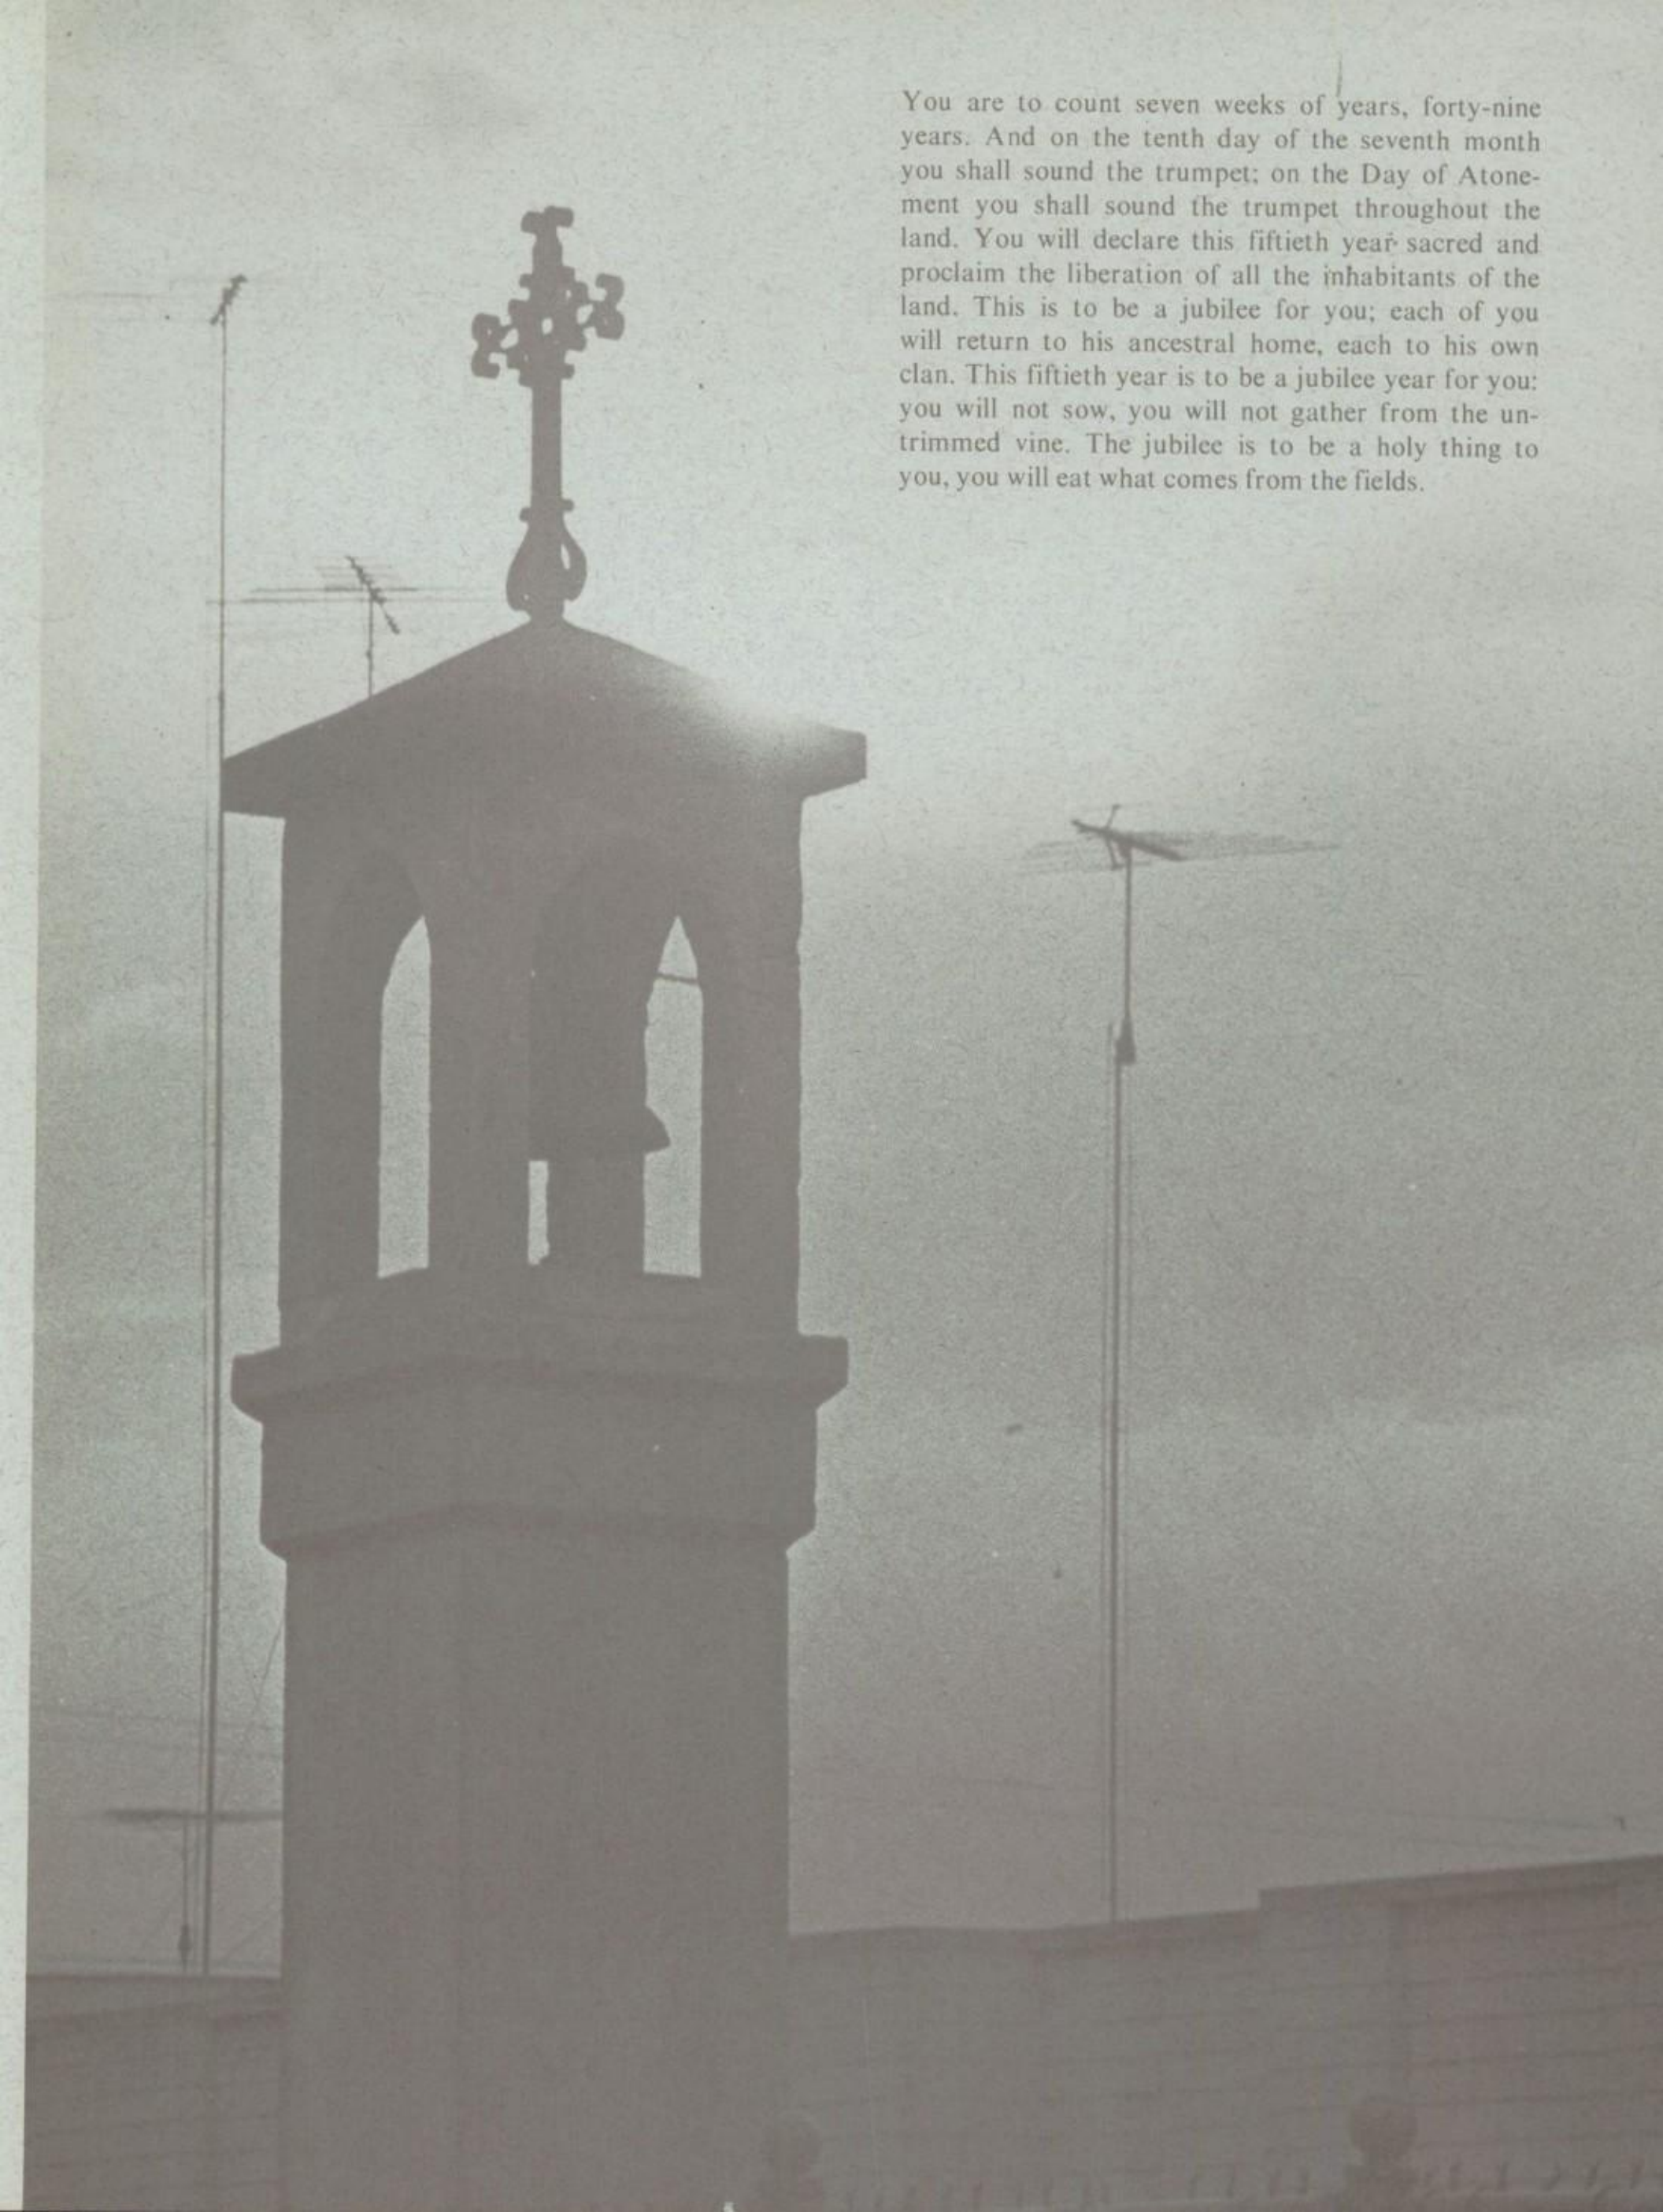
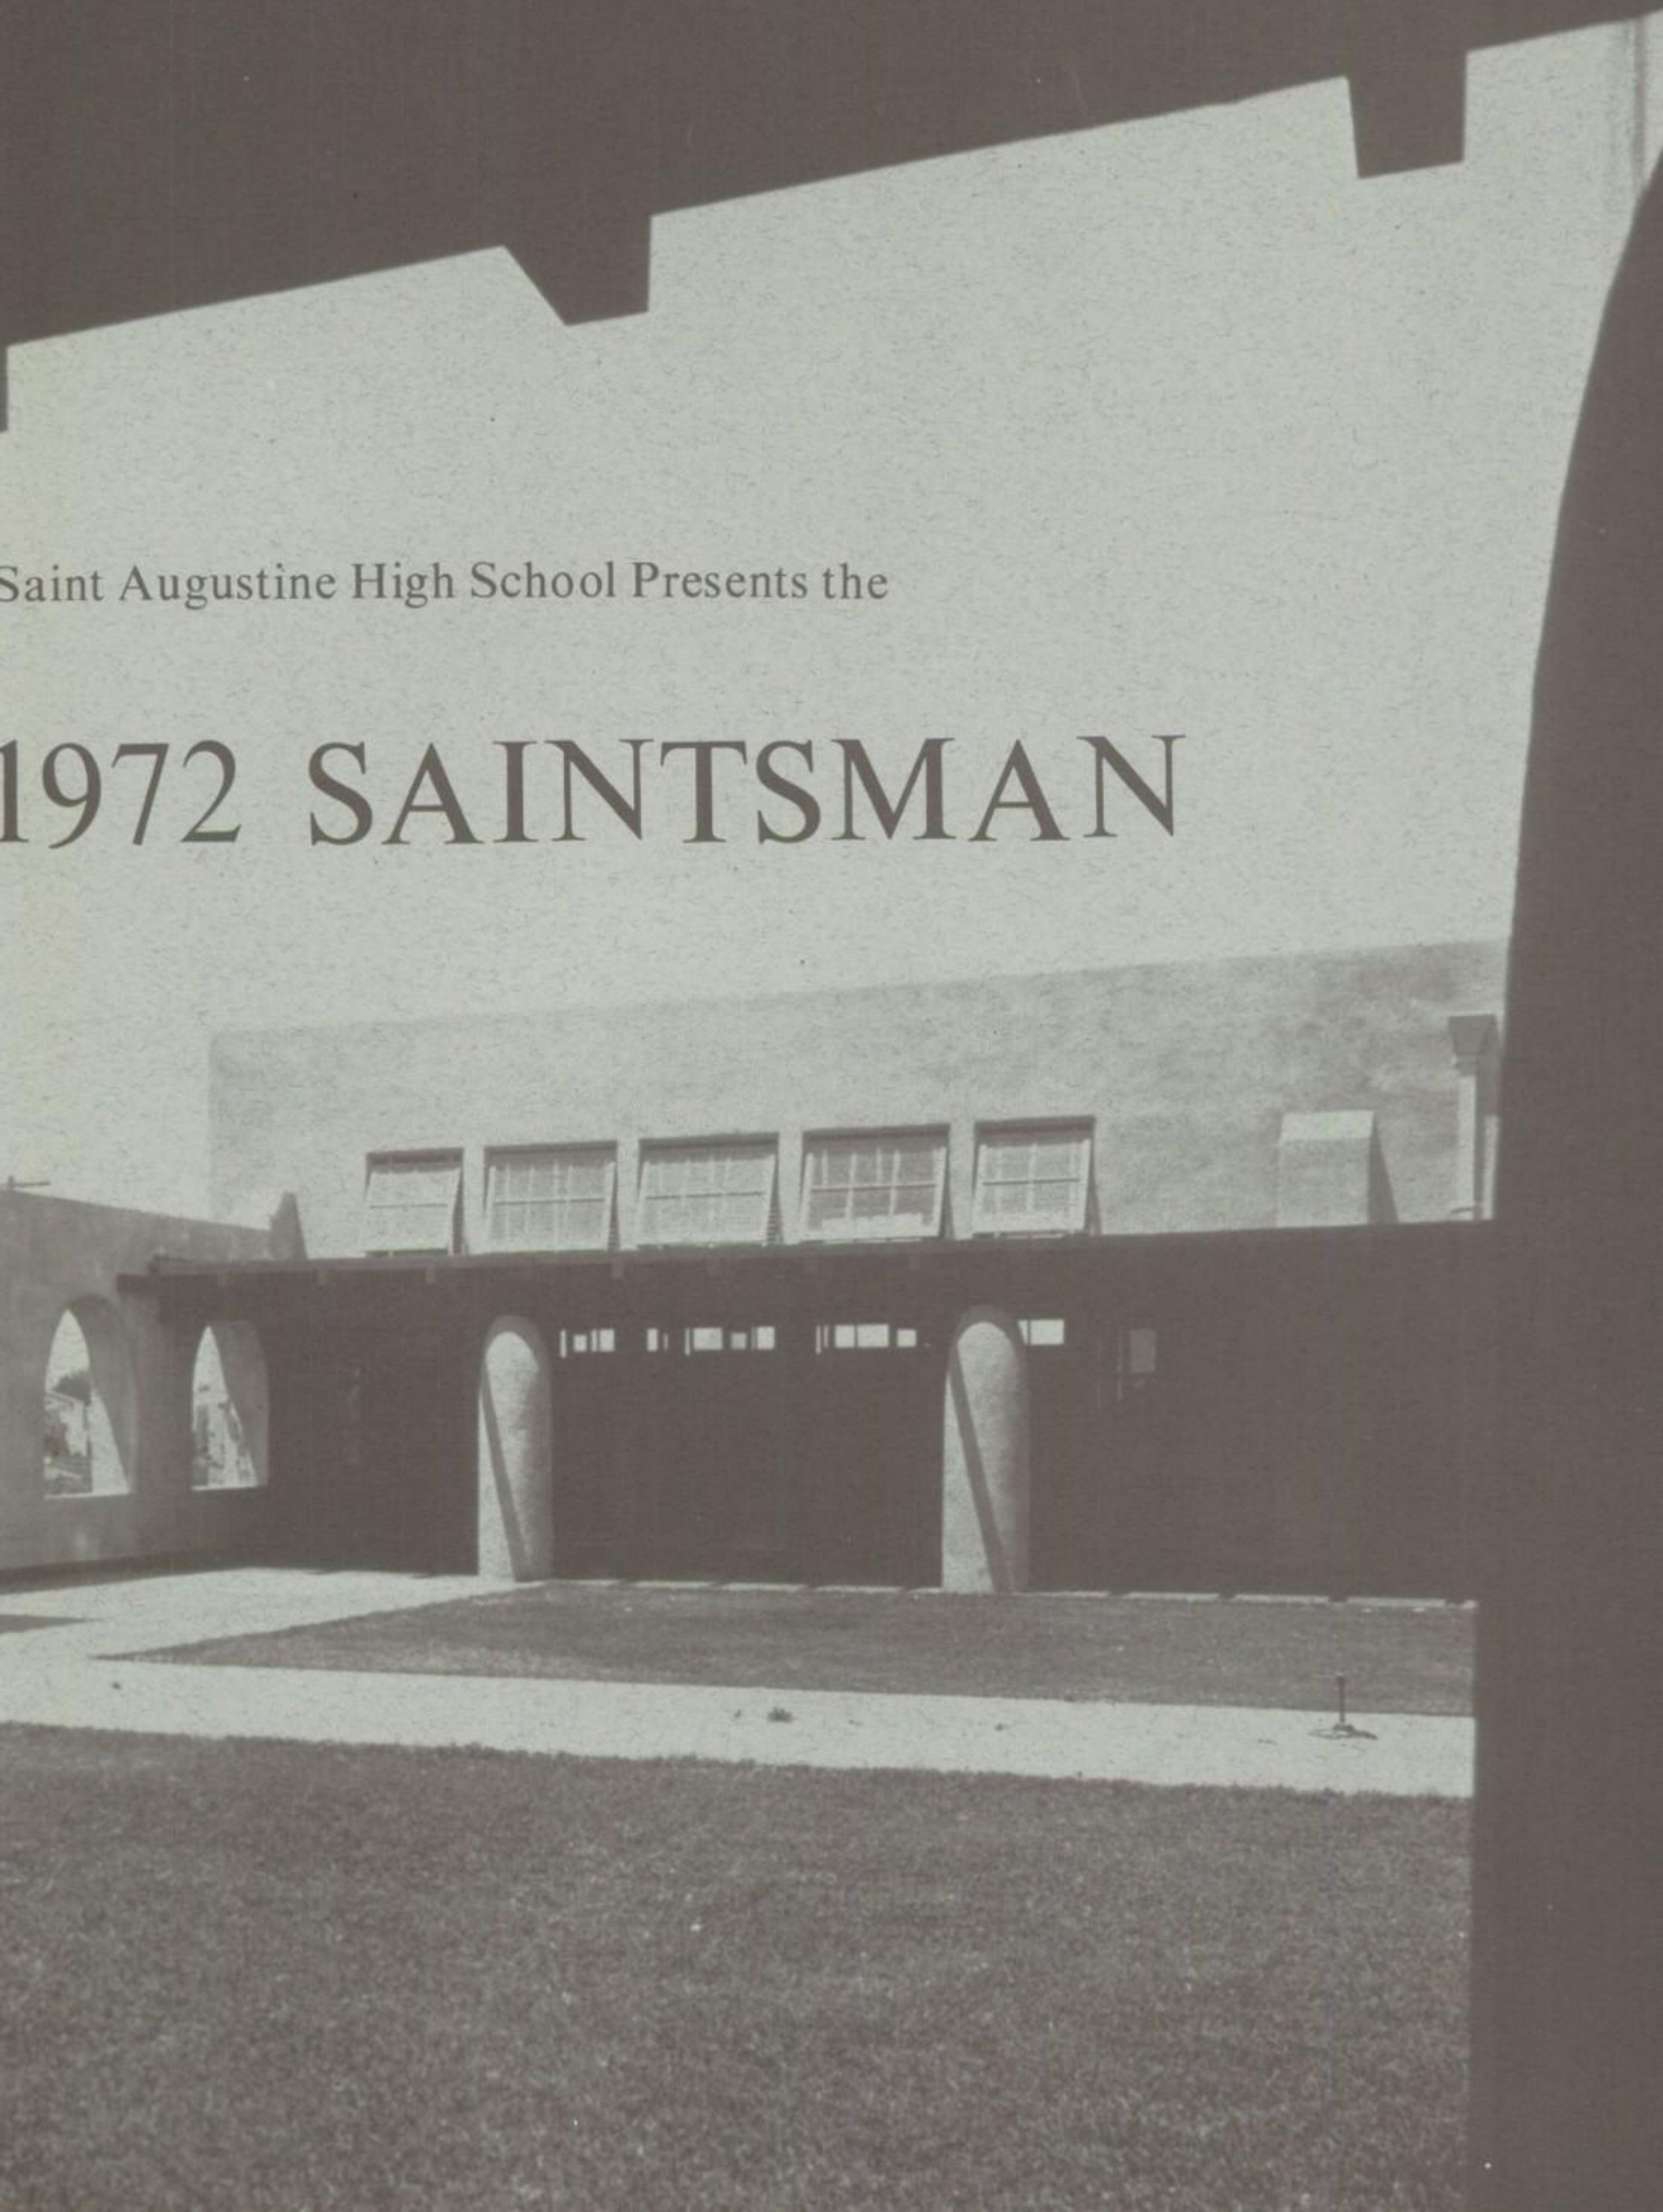
SAINTSMAN



You are to count seven weeks of years, forty-nine years. And on the tenth day of the seventh month you shall sound the trumpet; on the Day of Atonement you shall sound the trumpet throughout the land. You will declare this fiftieth year sacred and proclaim the liberation of all the inhabitants of the land. This is to be a jubilee for you; each of you will return to his ancestral home, each to his own clan. This fiftieth year is to be a jubilee year for you: you will not sow, you will not gather from the untrimmed vine. The jubilee is to be a holy thing to you, you will eat what comes from the fields.

Saint Augustine High School Presents the

1972 SAINTSMAN



St. Anthony of Padua Church

Rev.& dear Father Sullivan,

If I had kept quiet and do just the thiggs that that were told me, probably that I could recall a little more, but I alwaye kept going so that now I cannOt remember very well the things I did. Probably it is better for me not to remember too much. Here goes what I recall.

One hot summer day of June 1922 while supervising and trying to teach Chemistry in the laboratory at Villanova (happy days these were) I saw Our Father Provincial and a Bishop coming to me. Then says I to meself what the hell did I do now. So, as a gentleman should do, I went to meet them and greeted them:Father Vasey and Bishop Cantwell of Los Angeles. After exchangin a few remarks our Father Provimcial comes out with this question:" Say,Alphonse,how would you like to go to California and start a school for boys in San Diego"? All I could say was:when do you want me to leave? And that was all. I arrived in San Diego the last week of August 1922,and settle with Father Thomas Healy O.S.A. at St Vincent's Church, where he was the pastor.

We talked things over and made some preparations to open the 1st year of High School at St.Vincent's Parish Hall in Mission Hills,on Ibis St.,and continued there until the opening of the new School. The school started with 18 pupils and I am proud to say that these same 18 graduated as the first crop in 1926.

On October 5,1922 a tract of land of ten acres located between Thirty-second and thirty-third street,and between Nutmeg and Palm streets was purchased for the sum of seventeen thousand five hundred dollars. Mr. Nicholas Martin a Lawyer of San Diego was the man who made this possible for us with a donation of five thousands dollars. On the 28 of August 1923,feast of St. Augustine,the new School was dedicated and blessed by His Excellency of Los Angeles,the Most Rev.Bishop Cantwell(later to become Archbishop of the same See. Present at the dedication ceremony were Our Very Father Provicial Fr, Vasey, Doctor Hickey,Father Sullivan,Fr.Omeara and Fr John Walsh.

The 29th of January 1923 the School was incorporated under the laws of t the State of California.

The buildings located on the Southeast corner of the property form one o the finest and most attractive group of buildings of San Diego. The type of architecture is the old Spanish Mission style so typical of Southern Californ nia.One group of these buildings comprises the class rooms,laboratories and study and reading rooms.The middle group include the chapel,mechanical drawin room and locker room,while at the Eastern corner is located the Priory. The architectsRequa & Jackson were the designers and gave a perfect building. The contractor Mr.Keyes also contributed to a very solid construction: and after 25 years the building show no sigg of wear and tear.The cost of the entire school was ninty-five thousand dollars including the property.

Now Father this is all I can remember of this beautiful school where my heart is buried,,but in order to bring back memories I am now building a simi-lar construction here in Eunice as a grammar school. If you don't believe come and see. With best regards and wishes, I am,

Sincerely yours,

A. Martel

DEDICATION

Rev. Alphonse Martel O.S.A.

Alphonse Martel was the founder and first principal of Saint Augustine High School. When, in June of 1922, Bishop Cantwell of the diocese of Los Angeles requested that the Augustinians of Villanova start a high school in San Diego, the Order sent Fr. Martel. Martel began in a converted church hall with a student body of 15 freshman. During his two years as principal, Martel worked to expand the school as rapidly as possible. His letters to the Provincial, Father Nicholas Vasey, contain repeated requests for additional teachers and resources for expansion. Martel's health was not good and he was not completely happy with his work; in 1926 he left the Order of Saint Augustine and joined the diocese of Lafayette, Louisiana. His letter to Father William Sullivan shows that he still loved the school he founded.

St. Augustine's High School

San Diego, California

On September the 18th a Catholic High School for boys, under the protection of St. Augustine, will be opened in this city. This school will be under the care of the Augustinian Fathers of Philadelphia, Pa.

For this scholastic year courses will be offered in all first year subjects. These courses will be given in St. Vincent's Hall, Ft. Stockton Drive and Hawk Street. During the coming months a convenient site will be chosen and buildings erected so that by September 1, 1923, the entire course of four years' preparatory work will be offered.

Catholic parents knowing the duty and obligation resting on them, of giving their sons a thorough Christian education, will avail themselves of this opportunity in sending them to a Catholic High School.

For further details and information apply to

REV. ALPHONSE MARTEL, O. S. A., Director.

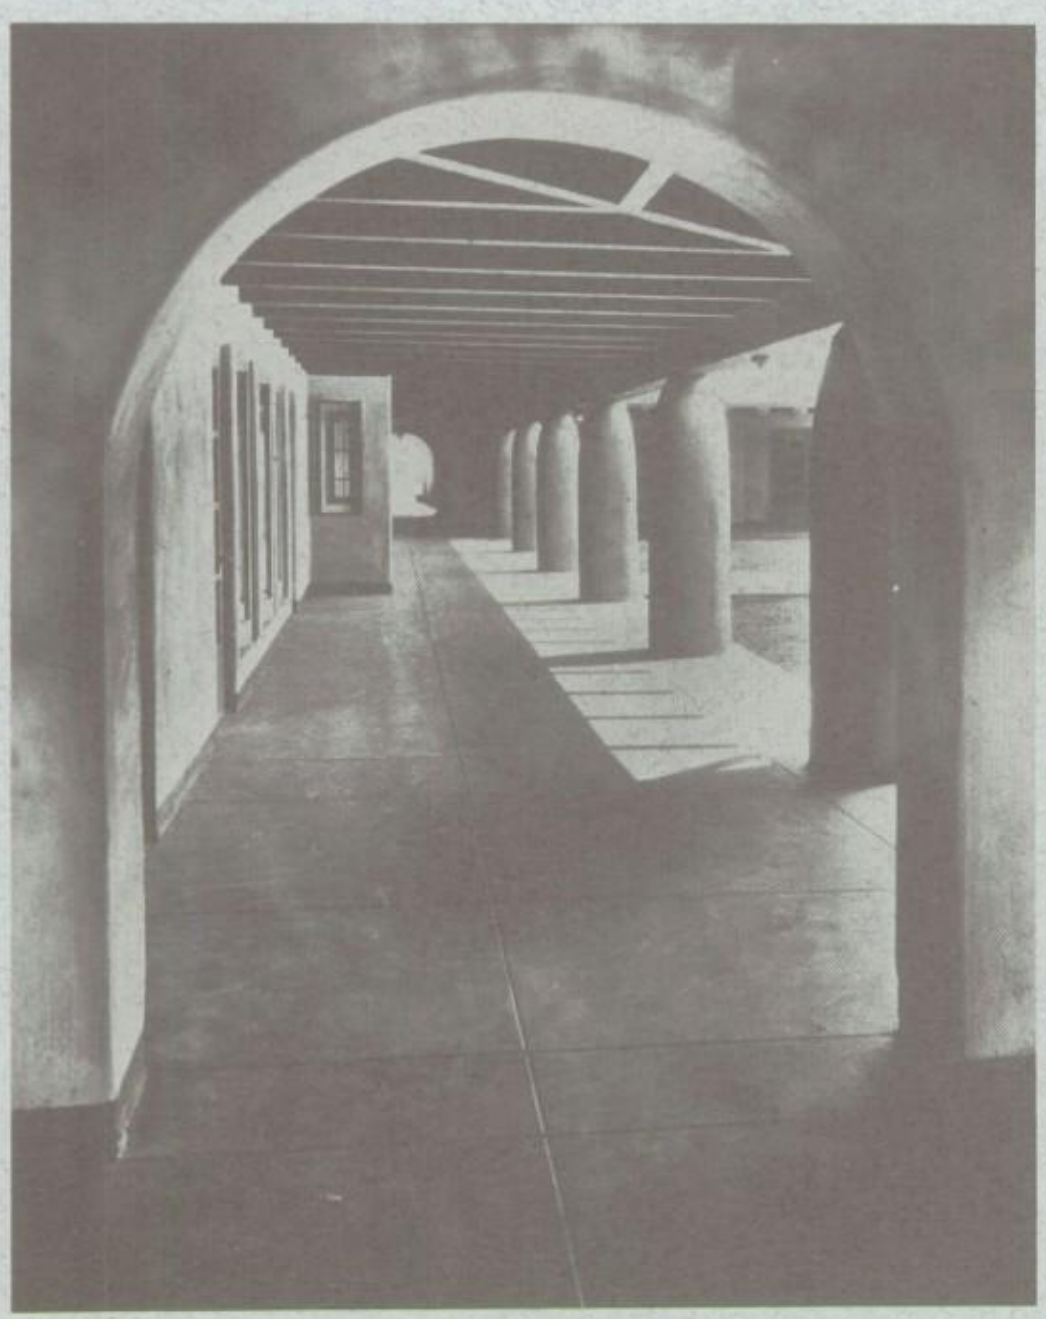
In the summer of 1922, John Cantwell, Bishop of the Diocese of Los Angeles, approached the Provincial of the Augustinians of Pennsylvania and asked that the Order begin a high school in San Diego. Nicholas Vasey, the Provincial, agreed and plans were begun for the school. In September, Father Alphonse Martel arrived in San Diego and with the help of Father Healy, Augustinian pastor of St. Vincent's parish, started the school in the hall of St. Vincent's parish. The original student body numbered fifteen freshmen; by November the attendance was up to nineteen.

In the first months of 1923, work was begun on the construction of permanent buildings at the location on Nutmeg Street. The new buildings were ready by the beginning of the second year. They were blessed and dedicated in August and classes were held in them on September 4, 1923. The enrollment for that year was 68 boys, all freshmen or sophomores.

Original student body: TOP ROW, left to right, Maurice McCaffery, Willie Greenleaf, Father Martel, Jim Oviatt and Jerry Ferguerson. SECOND ROW: Tom Borgerding, Barrett McMahon, Tony Moreno, and Charlie Booher. THIRD ROW, Gregory McHorney, Bill Garety, Don Davin, Bob Oviatt, Harry Lechner, Vincent Garra and Dave Johns.

In 1928, Bishop Cantwell wrote Father Vasey that "the increase in number in the San Diego School is not satisfactory." The enrollment at Saints stayed small for about twenty-five years. The largest graduating class up to 1940 was only thirty people. In the fifties Saints lost its image as a small school. Graduates in the decade reached 1237. At its largest, the student body neared 850. Today, about 620 students attend Saints.

The enlargement of the campus reflects the growth of the student body. The first addition to the campus was made in 1947, when Sullivan Hall was built. In 1951, when growth was rapid, Sheehan Hall and Dougherty Gymnasium were built to handle the crowd. Two years later more space was needed and a four-classroom addition to Sheehan Hall was constructed. The most recent addition has been the enlargement of Vasey Hall to provide more office and library space.



Saint Augustine High School formed teams in the major sports within its first few years. Once it had the teams it faced the problem of finding opponents. For many years the Saints played colleges, out of town high schools, and the Naval Training Center. Many football teams from Saint Mary's College lost to teams from Saints in the early years. Later, our school played San Diego High Schools on their bye nights. In 1957, after a long and hard fight, Saints forced its way into the CIF. Our football team first played in the City Prep League in the fall of 1957. Saints captured a triple crown for the Eastern League title in 1967, 1968, and 1969. In 1970 Saint Augustine's brought its sports history to a climax by winning the CIF championship in football.

In November of 1940, Father David Ryan founded the present Saints Band. In 1948 the band joined the first annual Maytime Band Review. The band was a member of it for the next twenty-five years. Also in 1948 the first annual Band Varieties was held. This concert has been continued to date. The yearbook was started in 1940 under the title of the PURPLE AND GOLD. John Blethen, the present provincial of the Augustinians in California, was the first editor-in-chief. In 1949, under the editorship of Jim Franklin, the PURPLE AND GOLD became the SAINTSMEN. Volume I, number 1 of the school newspaper, POISON, was printed in 1927. It was the only edition put out. In 1936 the newspaper was resurrected as the AUGUSTINIAN. The AUGUSTINIAN was continuous from 1936 to 1971; this year it was replaced by the ORACLE.

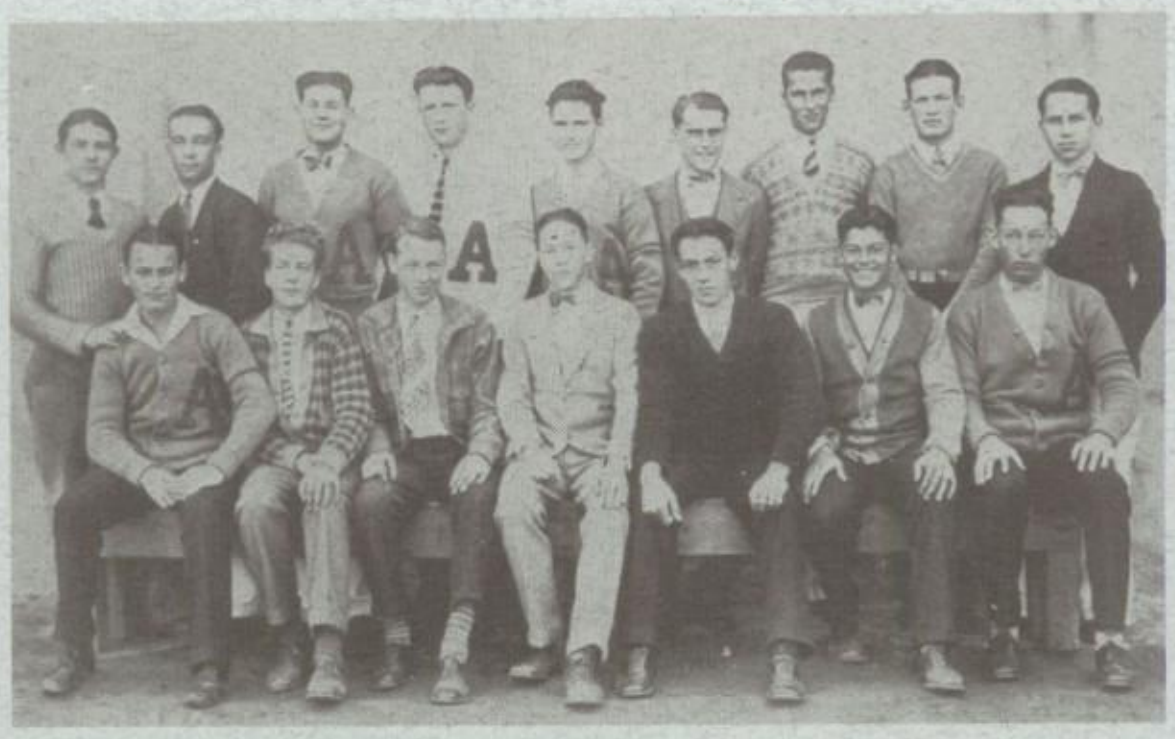
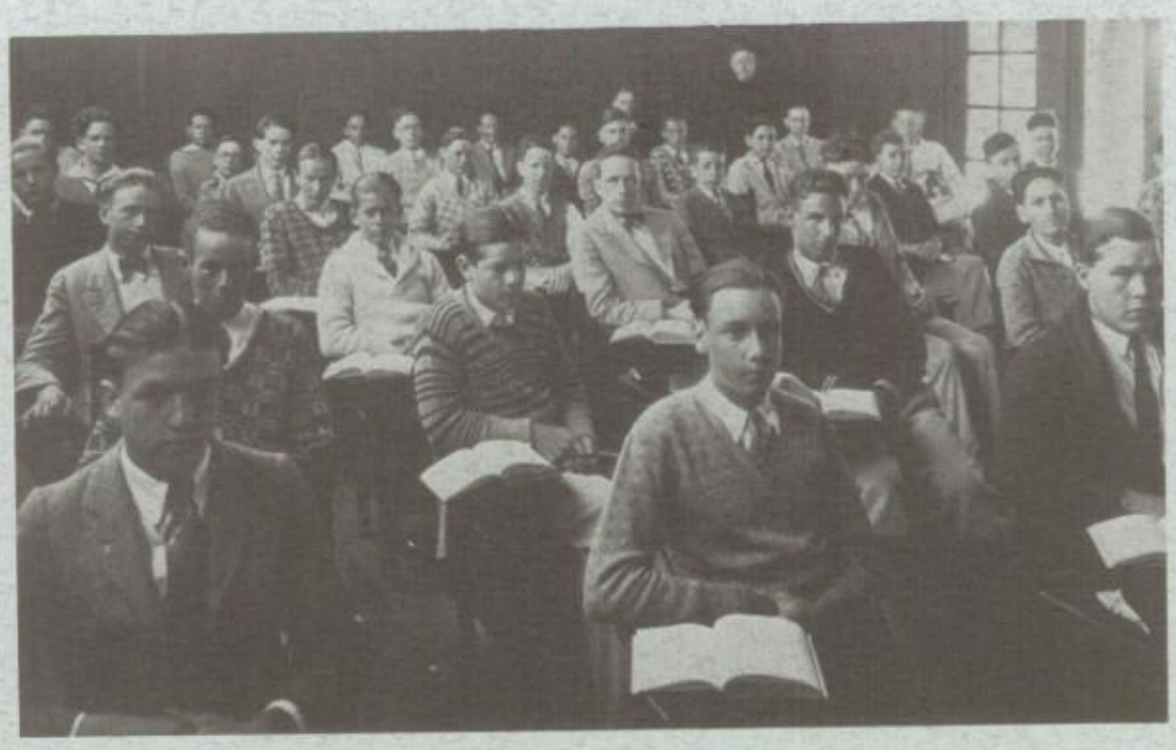
At UPPER LEFT is Tommy Shaules, Class of 1958, the most famous basketball player to pass through Saints. On the RIGHT is a section of the framing for Sheehan Hall, built in 1951 and added to in 1953. BELOW, the chemistry lab appears as thousands of alumni remember it. The lab was remodeled recently by Fr. R.K. Smith, who was "big in the sciences" having chairmanned that department until he left for parish work in 1969.



There have been 3699 graduates in the 47 classes that have been at St. Augustine High School. These alumni show a deep loyalty to their Alma Mater. Many alumni have sent their sons to Saints. Others have returned to teach at Saints, either as priests or lay teachers. The alumni have been successful in the outside world. Many have reached a high position in the community. Numbered among the Saint Augustine graduates are motion picture and sports personalities, successful business men, undertakers, clergymen, and a former Mayor of San Diego.



As Saint Augustine High School looks back on its past, it also looks ahead to its future. In a time when private Catholic schools face many grave problems, Saints is no exception. As part of an effort to modernize teaching methods and save on costs, Saints has joined a federation with Rosary High School and Our Lady of Peace Academy. The federation promises to be an important factor in the future of Saints and of Catholic education in San Diego. The three schools hope to retain their separate identities while cooperating closely where possible. No one is certain what lies ahead for Saint Augustine's, but many are confident. We look ahead with confidence and back with pride.

THE SAINTSMAN

Faced with the challenge of an anniversary year, change in moderators for both the annual and the photo staffs, limited funds, inexperienced editors, and approaching and passing deadlines, the yearbook managed to keep from falling apart.

Inspired by the patience and dedication of Phil Lorang as editor-in-chief, "copy" flowed from the pens of his section editors. Steve Micheli edited the organizations section, and Bob Walsh put together the sports section. Greg Pesely was responsible for activities. Scott Labadie arranged the faculty and staff, with Dave Marfin and Sam Kuglen doing the senior class and underclass sections respectively. Associate editors were Dan Shawler and Dave Romeo. Bill Bailey and Colin McColl assisted with the sports section and activities. Fr. James Mott was moderator.

The one good point was that Fr. Mott expected less of everybody than everybody expected Fr. Mott to expect.

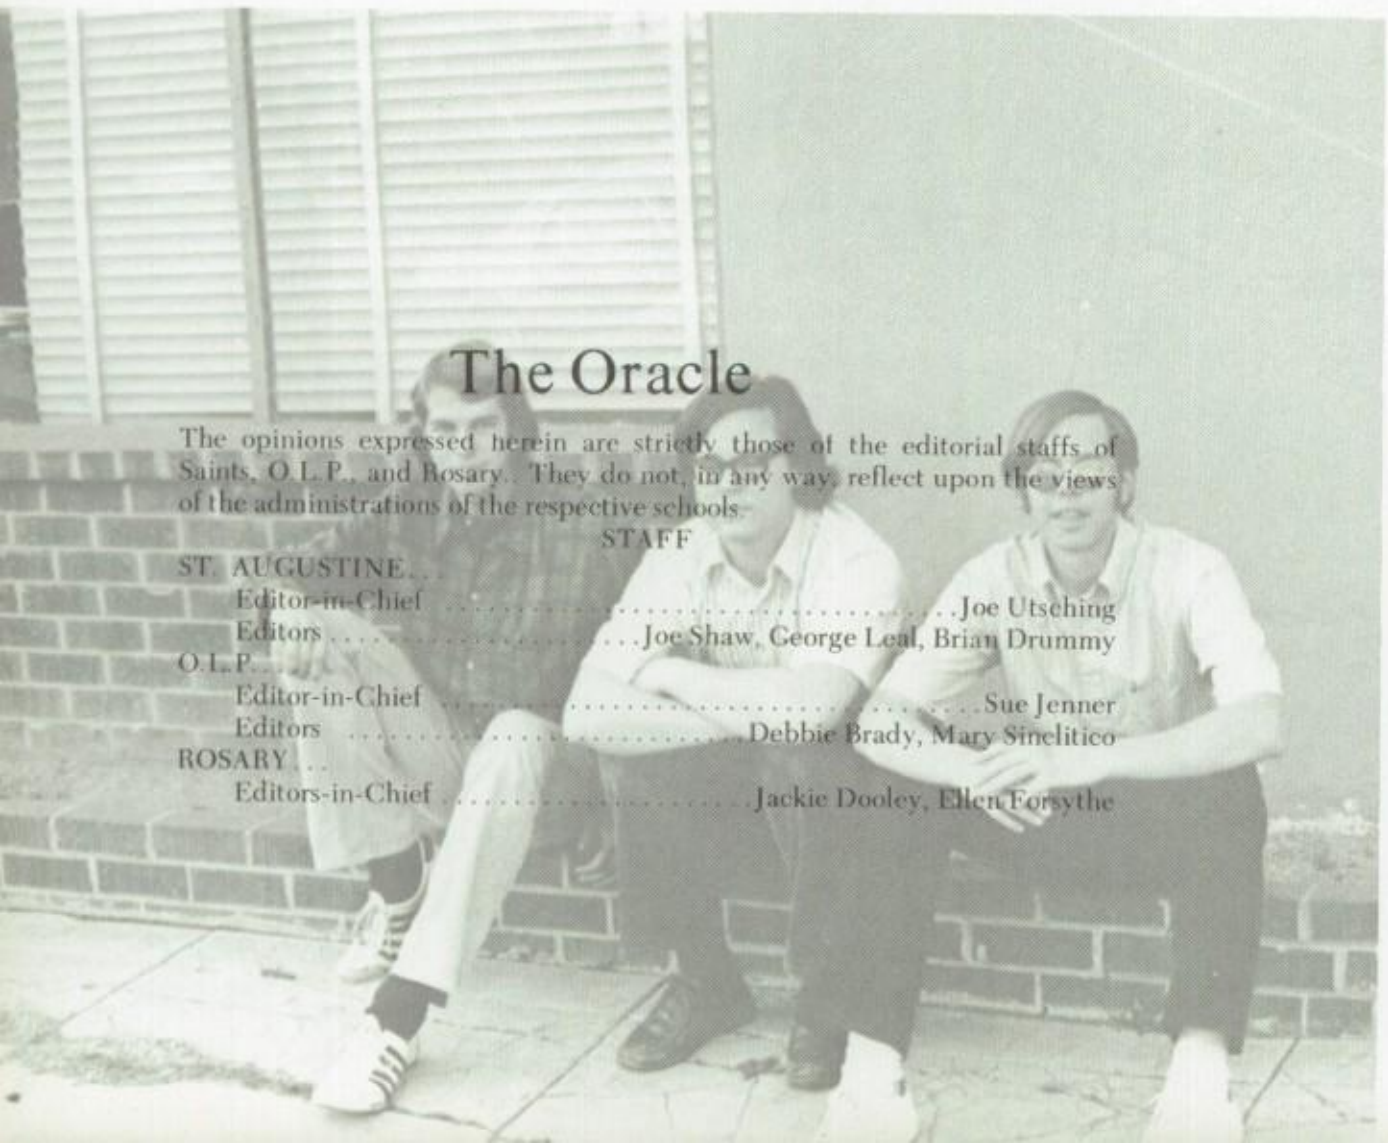
THE ORACLE

Saints joined with OLP and Rosary this year to form the first co-ed newspaper in the 50 years of Saints. Although not up to the expectations of the students, many of the articles showed genuine journalistic talent. With Joe Utschig as Saint's Editor-in-Chief, Brian Drummy as Features Editor, Jorge Leal as Sports Editor, Joe Shaw as News Editor, and Brian Chambers as managing editor, the paper appeared at irregular intervals on campus.



The Oracle

The opinions expressed herein are strictly those of the editorial staffs of Saints, O.L.P., and Rosary. They do not, in any way, reflect upon the views of the administrations of the respective schools.

When the paper did arrive, it was greeted with enthusiasm and anticipation. There were many different opinions of the paper's quality, ranging from failure to success, but it was usually agreed that the venture was a worthwhile endeavor.

THE NEW TRADITION

It is an innate characteristic of man to genuinely express his inner reveries and profundities, and also to tell what he feels. At Saints, one usually does this by writing poetry, essays, or short stories, and publishing them in THE NEW TRADITION, which is the literary magazine of the school. Under the direction of Steve Micheli, and with assistance from Steve Esmedina, John Taylor, Dan Shawler, and Moderator Mike Greenwald the artistic endeavors of the students were collected, arranged, typed on stencils, run-off, coallated, stapled, and handed out to interested students.

The first edition was under the direction of Saintsman, but there were plans to have a co-ed edition with OLP at the end of the year.

PHOTO STAFF

The photography staff this year was larger than it had been in previous years. Because of its size, organization and smooth operation did not come easily. The staff had a new moderator, Mr. Mike Morgan, and this added to the confusion. By mid-November, enough organization was achieved, under the general control of Tom Conway, to allow the yearbook and photo staffs to work together efficiently. This year's staff produced more and better work than last year's staff, a feat which thrilled the newpaper and yearbook editors. Photographers were Tom Conway, Mark Redmond, Dan Yeager, Greg Pesely, Bob Walsh, Bill Bailey, Ron Dailey, Harold McCarthy, and Larry McClure.

TUTORING GROUP

Joe Simpson helps two third graders.

This year, nine seniors tutored disadvantaged children at Linda Vista Elementary for Bayside Settlement House. They travelled to Linda Vista in two groups: Scott Labadie and Ramon Garcia on Thursday and Dan Shawler, Philip Lorang, Arthur Brown, Doug Smith, Cary Kellems, Joe Simpson, and George Leal went on Tuesdays.

MATH CLUB

In contrast to the many clubs without activities, the Math Club at Saints is an activity without a structured club. The "Club" produced the thirteenth annual Parochial School Math Field Day, with help from the alumni and parents. A team of five: Joe Weber, Steve Micheli, Brian Newell, Art Brown, and Phil Lorang, went to the Greater San Diego County Math Field Day held at Stan Diego State and walked off with second place in its division and third over-all; this was the first year Saints placed at all in this competition. Individual winners were Phil Lorang, Art Brown, and Brian Newell. A team also participated in the General Dynamics Exam, Convair Division. Mr. MacDonald, chairman of the Math Department, moderated the Math Club again this year.

BAND

This year's Saint Augustine Band has shown a marked increase in talent over recent years. This fact can be attributed to the experience of six seniors, the most in five years. The Band is, in reality, a combination of three different groups: the concert band, the marching band, and the pep band.

Of these three, the best known is the marching band. Every band member belongs to this 40 man unit. This is the band that appears in the football half-time shows. It also makes appearances in many parades. Among them are the Mother Goose Parade and the Maytime Band Review.

The most popular of the Saint's bands is the pep band. This small group of talented musicians lends its music to all Saints football games and home basketball games. The unique members of this ensemble play a variety of music ranging from jazz to rock to popular.

The concert band at Saints is the least known. However, it consumes more than half the time of the band. The music it plays is mostly contemporary although it has ventured into the field of jazz. This band gives a concert in the spring and also makes occasional appearances at the girl's schools.

The band plays during one of the many football game half times.

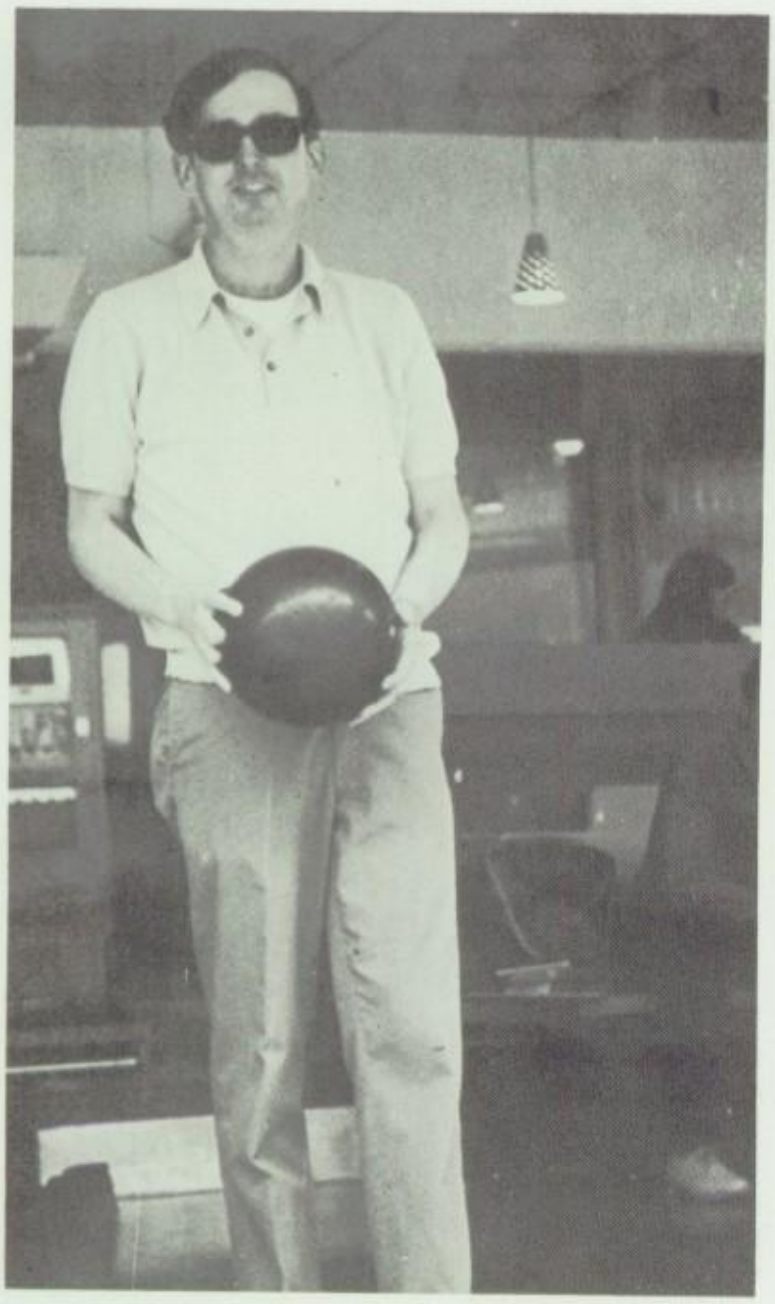
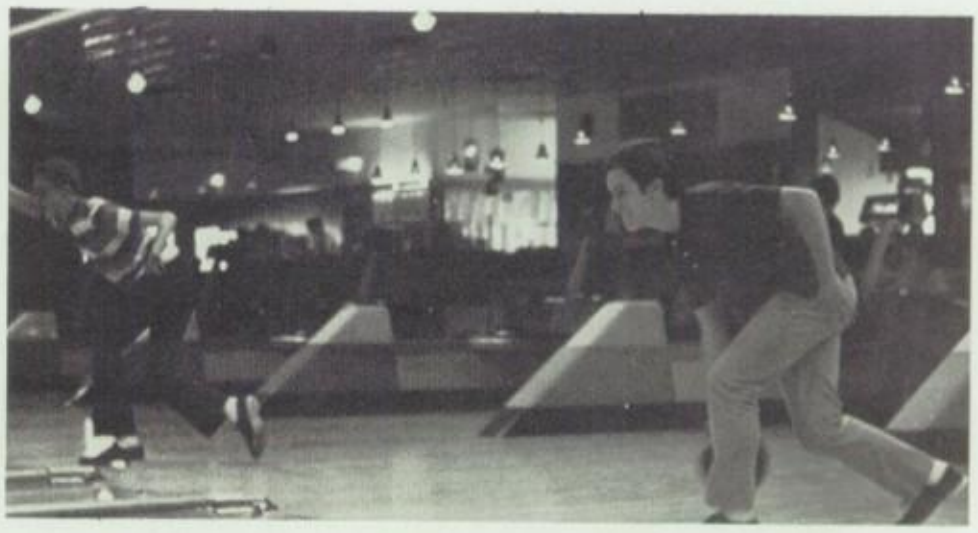
The Red Cross is connected with the International Red Cross, whose function is to alleviate the suffering of man and humanity. Mainly active under the name of Student Action Movement, S.A.M., it is a federation of high school groups whose aim is to humanize environments. It works in conjunction with the Cardijn Center which is the lay apostolate center for the diocese. They have endeavored to get the ASB functioning and raise school spirit, and their efforts are directed more towards inspiring others to act than acting themselves. They are more concerned with the aesthetics of the school than materialistic gains. They were moderated by Mr. McLaughlin.

RED CROSS AND S.A.M.





BOWLING CLUB

Aztec Lanes is a normal bowling alley, frequented by sedate old couples and young children for the purpose of relaxation. But on Wednesday afternoons from September through May, a group of high school students invade the alley-ways. Known as "saints-men" they once a week proceed to change bowling into a hectic, but organized, sport. Under the guidance of the "turtle", Father Griswold, they form teams with such names as Larry V & the Fighting 3, 4th Street Rock Crushers, Harvey Wallbangers, Bum-mers 5, Ahekolo III, Alley Oops, Dirty Gutters, and the ever-returning "The Turtles". Then they proceed to have fun, while at the same time battling for the coveted trophies given out each semester.

PEP CLUB

Due to the lack of interest of the student body, the 50th Anniversary Pep Club floundered early this year. Before its disbanding, it had made football ribbons, some with secret marks worth two free tickets to a football game; designed and sold 50th year buttons; painted posters and run-throughs for the purpose of raising spirit; and was a general all-round boost to the football team.

Bob Walsh, as president, and Greg Pesely, as Vice-President, tried to bring the club back to life many times with the aid of Mr. Kinninger, the moderator; but they failed, leaving only whispers of "Where did it go?"

MAGIC CLUB

The Saints Magic Club is the most unusual on campus. Its members are comprised of students interested in learning and performing feats of magic. The club is under the directorship of senior Chuck Martinez, a professional magician. The club is sponsored by Magicians World Magic Shop.

Members gather at Magicians World.

STAGE AND LIGHTING CREW

This crew, sometimes known as the Audio-Visual Crew, set up the mikes for assemblies, lights for the dances, sound systems for the football games, worked on plays at OLP and Rosary, and set up the lights and built the stage for FIDDLER ON THE ROOF. Known for their antics in the rafters of the gym, this group was a valuable asset to the communications systems at Saints.

L. TO R.: Dan Gobel, George Parko, John Lawrence, Pete Kammerer, President Bill Cowper, Rick Podwoski, John Nonzeta, Tim Latoure, Mike Malloy. Not pictured: Steve Singleton.

EXCHANGE CLUB

This newly formed club was started by the Exchange Club of San Diego. It is moderated by Mr. MacDonald and its main function is to do service projects for the school, the community, or just for fun. During the past summer they have engaged in such projects as a picnic for under-privileged children, constructing a 40 x 17 ft. "Go Chargers" sign for the S.D. Chargers which earned them the name of Official Pep Club of the S.D. Chargers, the car wash, Operation Welcome, National Crime Prevention Week, and the Padre ticket sale.

ACCREDITATION

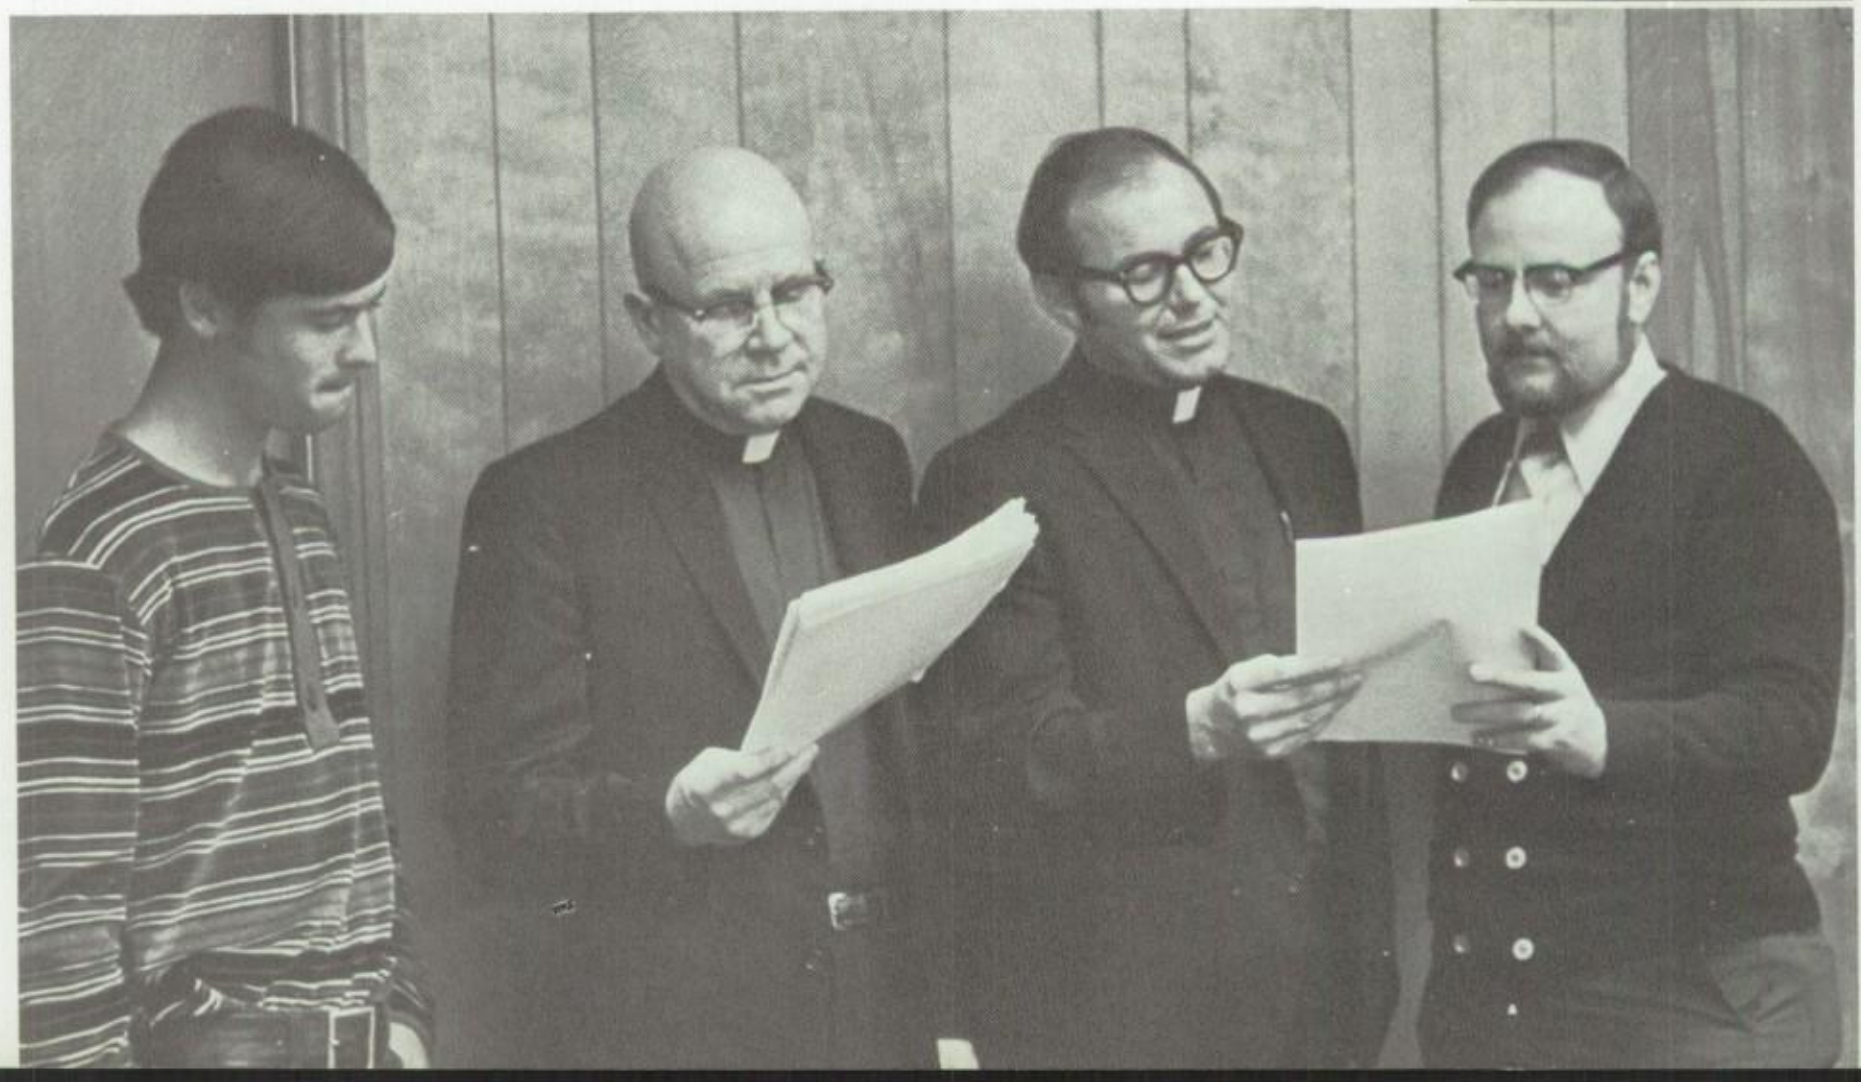
Accreditation, by the Western Association of Schools and Colleges, as well as the Western Catholic Educational Association, was what lay at the end of all those meetings, and surveys, and questionaires, and reports that occupied just about everybody at Saints this year. Each department had been updating, revising, rewriting curricula, course-outlines, and the reports demanded by WASC and WCEA.

The program of studies, in each department, was the central concern of this year's ("Form B") self-study by the school. Five years ago, when Saints received a full 5-year accreditation to extend approval to 50 continuous years, the general school program, in all areas, was studied by the school and by the Visiting Committee representing WASC-WCEA.

This year, the WASC-WCEA Visiting Committee spent three days (April 10-12) on campus, looking, talking, and listening. When they came, they had already read the nearly 200 page book that represented Saints' report on itself. At the end of their visit, they wrote their own report on Saints for WASC-WCEA headquarters, recommending the length of accreditation they felt proper.

Father Keane and Mr. Bowman (Administration), Mr. Wilson, (Faculty), Father Hannon (Non-Teaching Employees), and Neal Moquin (Students) were the chairmen of their respective committees, and formed the Steering Committee that guided the whole process.

The Steering Committee reads over pages of the school's report: L. TO R: Neal Moquin, Fr. Hannon, Fr. Rye, Mr. Wilson. RIGHT: Fr. Keane.



STUDENT-PARENT-FACULTY RELATIONS COMMITTEE

The purpose of this committee is to recommend to the Executive Council certain changes which the students, parents or faculty want to occur in the affairs of the school. It is made up of the Academic Vice-President of the school, the Vice-President of the parents organization, the ASB Vice-President, elected representatives of each organization, and its Chairman is the principal, Father Keane.
The Committee had a few meetings this year and discussed such things as the Religion program, the hair-code, the A and 1A system, and Social Activities. It accomplished a major revision of the hair-code, among other things.

Committee members, not all visible in the picture, were students Paul Chacon, Roger Perez, Ron Cervantes, and Neal Moquin, parents Mrs. Pat Smith, Mr. Augustin, and Mr. George Bourus, deceased, and faculty Mr. Ben Smith, Mr. Ted McLaughlin, Mr. John Bowman, Father Sullivan, and Father Keane.

ALUMNI ASSOCIATION, BOOSTERS

The purpose of the Alumni Association is to keep track of the Alumni and to inform them of activities and goings on here at Saints. They raised about $5000 for scholarships to Saints through the Ad Drive and alumni contributions; they promoted the 8th grader's coming here by sponsoring the parochial school basketball tournament at the end of January; and they had a Homecoming dinner before the Homecoming football game. They also send out a newsletter four times a year to all alumni whose whereabouts are known.

Homecoming Mass for deceased alumni

This year's Homecoming emphasized the fifty year history of the school. At the concelebrated Homecoming Mass, we were honored by the presence of Mr. Thomas Fanning '25, Mr. Edward Martin '26, Fr. David Ryan, '27, main concelebrant of the Mass, and Dr. Joseph Maguire '28, who represented those from Saint's first four graduating classes.

Miss Terri Carter was crowned Homecoming Queen in Aztec Bowl by Mr. Ron Cota, a member of the Alumni Association. Queen Terri Carter from Rosary was accompanied by her court, princesses Mary Devlin from OLP and Laura Rodriques from Sacred Heart, on the float. They were preceeded by four antique cars loaned to us by the Horseless Carriage Club for the special occasion.

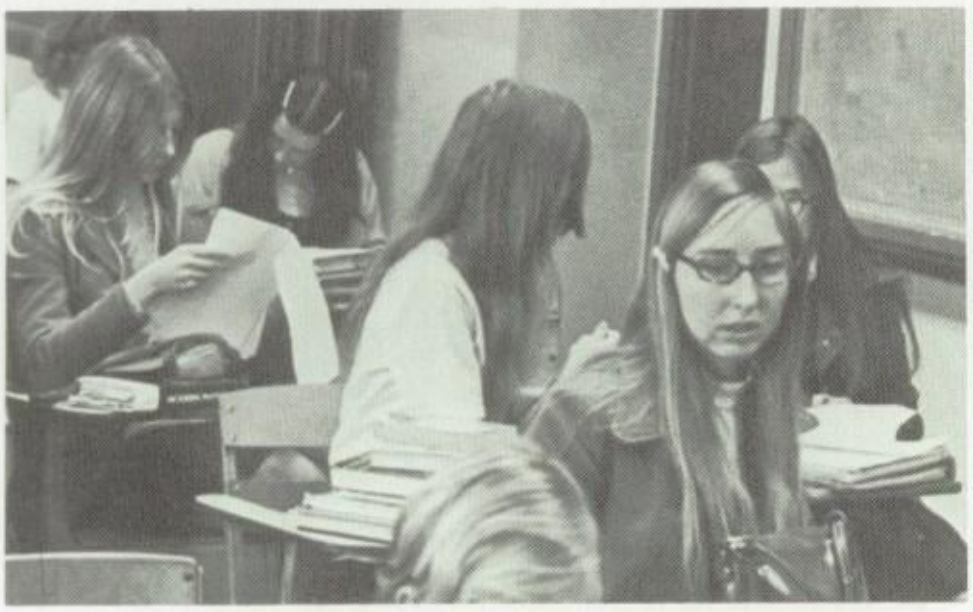
CO-ED CLASSES

Art and Music Appreciation



Girls from O.L.P. join the Physics Lecture

In an attempt at a lower budget, an innovation new to the private high schools in San Diego made an appearance. Saints, Rosary, and O.L.P. united some classes to provide co-education. At the Saints campus, the only co-ed class was Physics. Four days a week, at 2:10, the Physics lab brightened with the presence of 15 girls. On the O.L.P. campus, there was an offering of Speech, Art and Music Appreciation, and French III, the latter being taught by our own Monsieur DeMonner. In the classrooms of Rosary, Saintsmen attended Spanish III and IV. Judging from the reaction of the student bodies of the three schools, co-ed classes are here to stay.

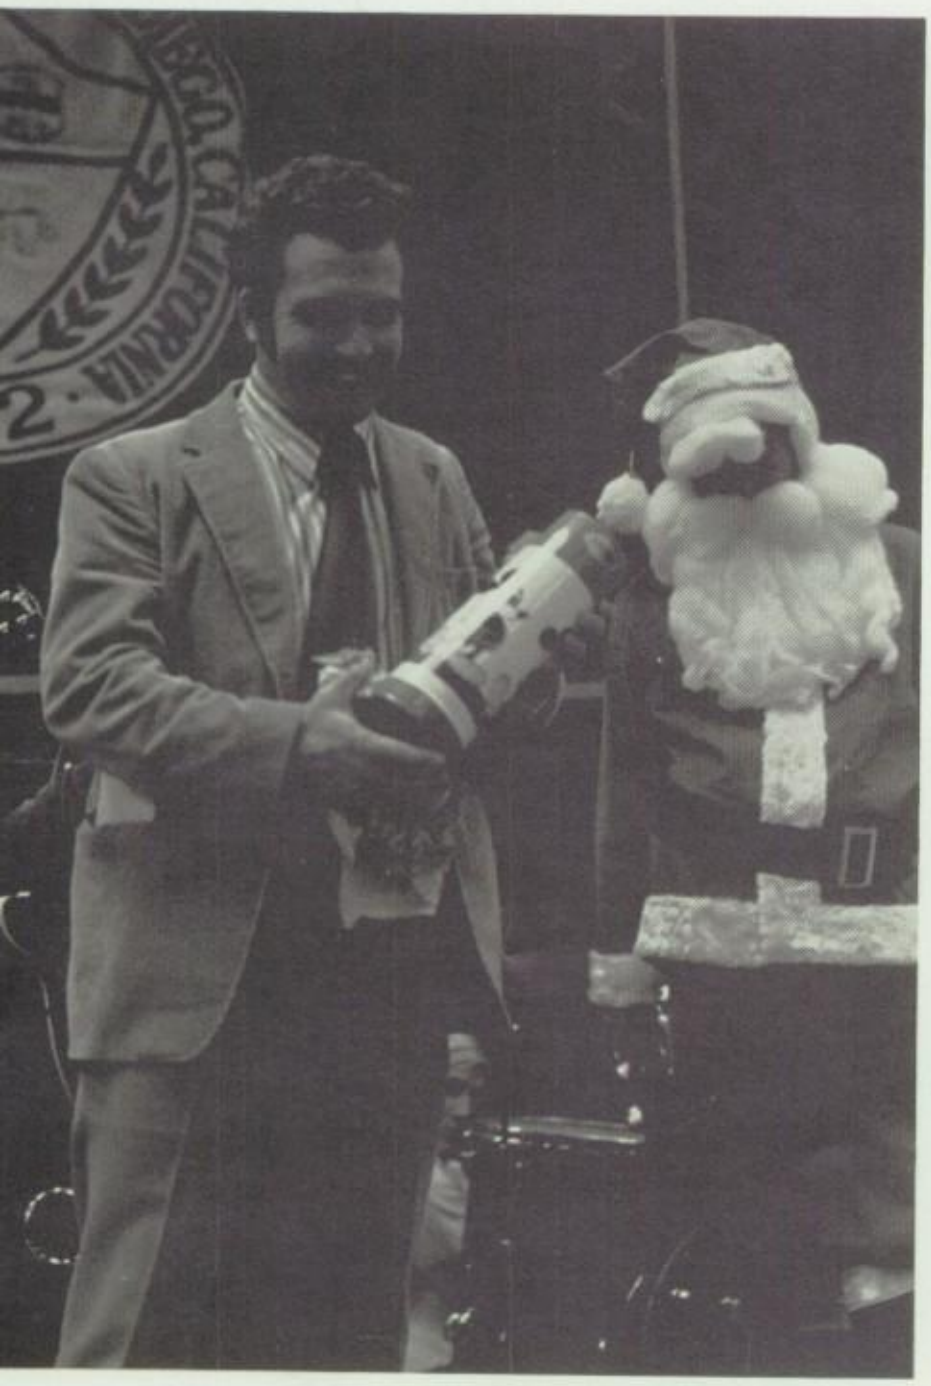
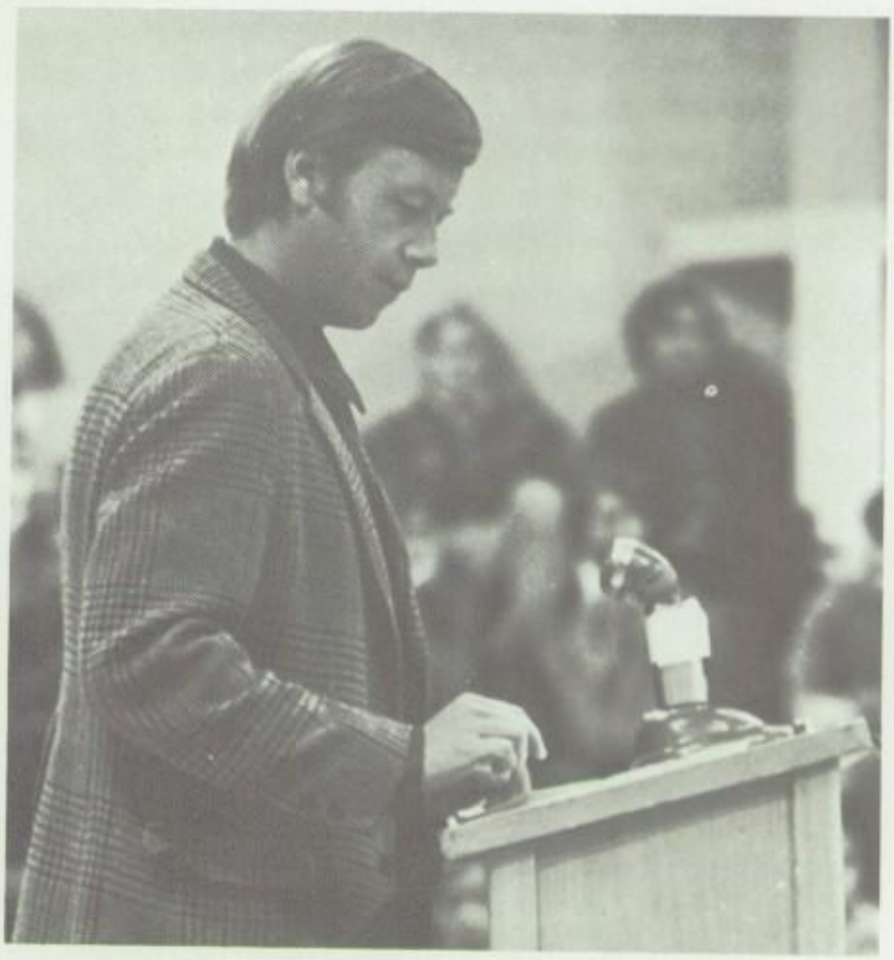
ASSEMBLIES & RALLIES





The weekly football rallies in the fall provided the structure for Saints spirit. From the first rally before the clash with University, to the concluding rally before the Morse battle, the Saintsmen united in an effort to inspire the team with emotion. Numerous speakers were employed in the attempt to coax the Saints spirit out of hiding. Among the speakers were Mr. Shepard, Fr. Griswold, and Pat Dunleavy. This year's rallies were a success despite the questionable success of the football season.

This year's A.S.B. could be termed as one of the best in Saint's history, though not the most popular. During the summer, this dedicated group put together a special 50th anniversary calendar, and a new handbook. Prodded by Mr. Hardick, they planned and put into action many student activities: Assemblies, man-of-the-month awards, exchanges, bumper-stickers, elections, dances, as well as the A.S.B. Ball.

The A.S.B. Ball was held at the Hilton Inn on January 8th. Our Lady of Peace Academy, Sacred Heart, Rosary, and Saint Augustine High Schools participated to make this event one of the major social highlights of the year.

CHEERLEADERS

Early in September, students in Saints library saw a new edition of high class cheerleaders practicing right outside the tinted windows. The Varsity cheerleaders from Saints, led by Ernie Echaves, were accompanied by girls from Rosary, O.L.P., and Sacred Heart at all Varsity games and rallies. There were no J.V. cheerleaders from Saints, but there were from the girls schools. They led cheering sections at J.V. football and basketball games. Mr. Kinninger, the moderator of most pep-related activities, was in charge of the cheerleaders again this year.

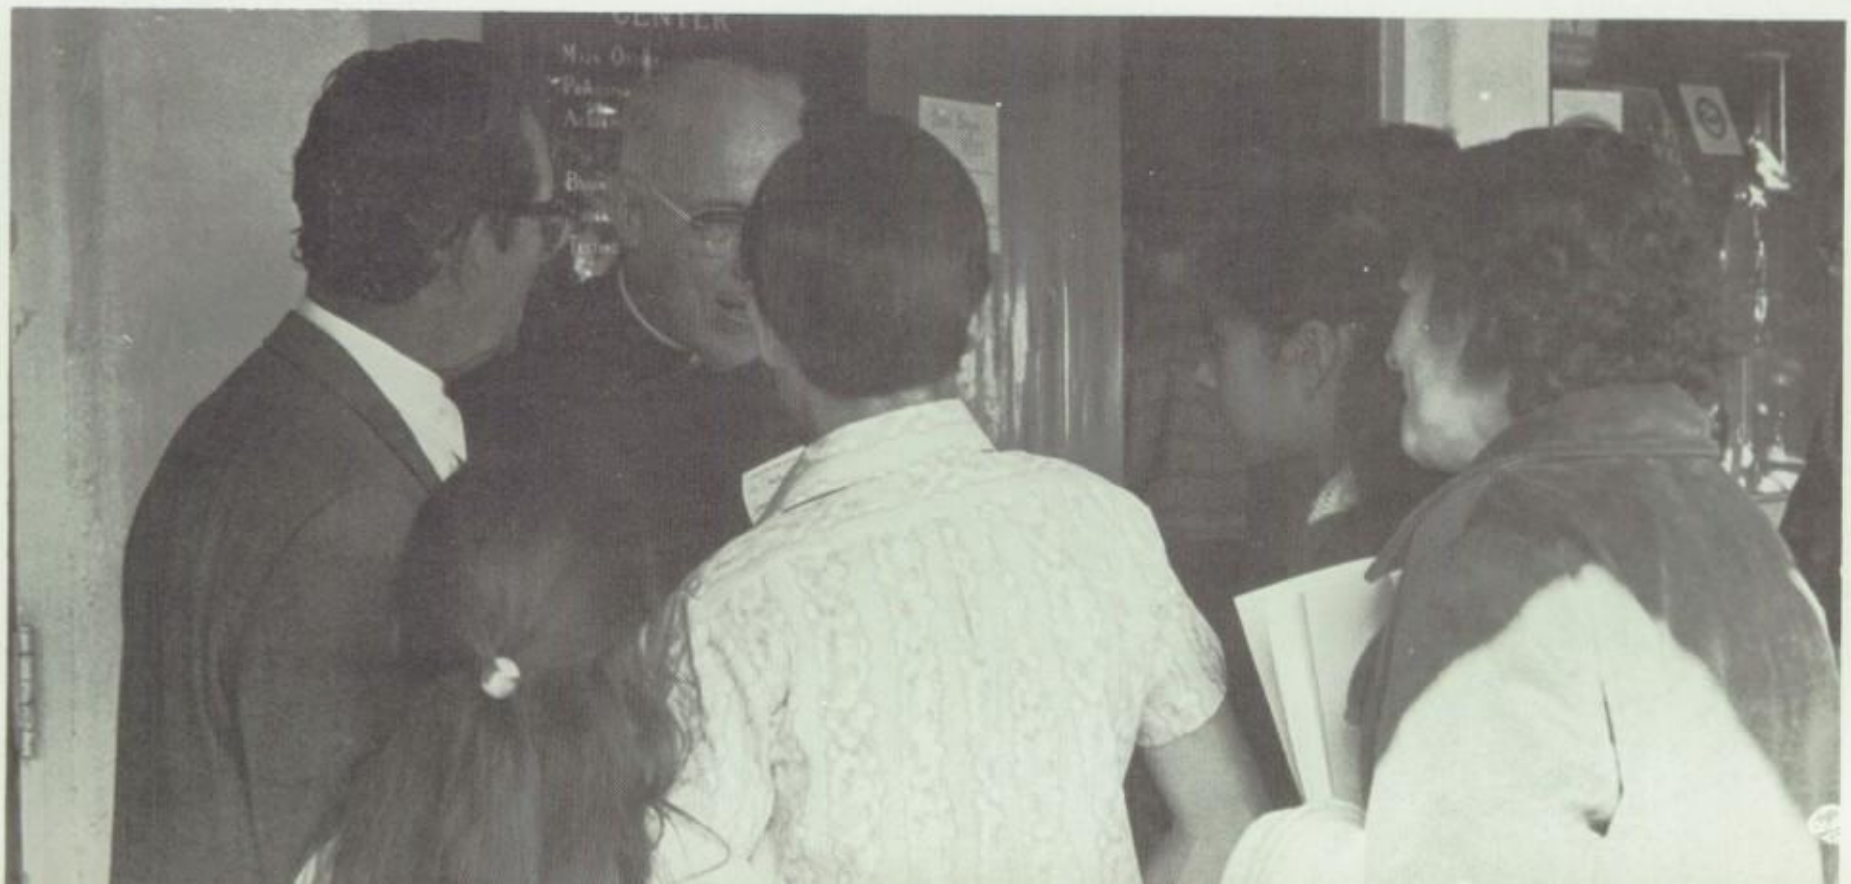
RECRUITING

Incoming freshmen are the life blood of Saints. To assure an adequate flow, students and faculty have participated in an active recruiting program for many years. This year, as in the past, Mrs. Shaw's office served as headquarters for the campaign. Teams of several students and faculty members visited most of the parochial schools in San Diego and vicinity. Open House was held on February 27 and entrance tests were given the following weekend. As always, enough future Saintsmen were registered to make the effort worthwhile.



FIDDLER ON THE ROOF

"Fiddler on the Roof"

In the past, Saint Augustine, our Lady of Peace, and Rosary High Schools have borrowed each others actors and resources in presenting their school plays. This year the schools made it official. The three schools cooperated in the production of what was the largest undertaking by any of the three in the field of drama. Though there were difficulties and friction in the production, the product was excellent. FIDDLER ON THE ROOF was such a success that it was invited to play at Mount Saint Mary's College.

SPIRITUAL ACTIVITIES

Dear Saintsmen,

No one likes to go into a dark and unfamiliar room, for the feelings of uncertainty are humiliating. We instinctively feel that a sure stride and an erect posture, made impossible by the darkness, are becoming to a man. Yet at the same time the price of such confident poise can be no less humiliating. For knowledge, to say nothing of the wisdom, does not come easy for any of us. It is in fact difficult to sit at your desk day after day listening, studying, learning from mistakes and trying again.

It is a paradoxical world we live in for our needs can only be met when they are acknowledged. Jesus put it well when He said that "Anyone who exalts himself will be humbled, anyone who humbles himself will be exalted." Education, like Christianity and crucifixions are humiliating processes. But one would have to be ignorant indeed to conclude that they are thereby destructive.

We all admire a man who knows what has to be done and how to do it. Most of us arrive at this confident stance by refusing to do anything worthwhile. See how pride traps us!

But this is not what Jesus had in mind when He said that He came "to give us life and give it to the full." Jesus wants us to stand erect like men and not be intimidated by darkness for his "life was the light of men, a light that shines in the dark, a light that darkness could not overpower." But the trouble is, "though the light has come into the world, men have shown they prefer darkness to the light because their deeds are evil." Thus the light which exposes one man's evil reveals another man's glory, for "it is the same God that said, 'Let there be light shine out of darkness', who has shown in our minds to radiate the light of knowledge of God's glory."

At Saints we have tried to introduce you to that light for the pure delight of seeing you joyful and confident. Jesus said it well:

"I have (taught) you this so that My own joy may be
in you and your joy be complete."

Sincerely in Christ,

Fr. Jerome Bevilacqua, osa.

SPORTS

THE 1971 PURPLE GANG

The 1971 edition of the Saints Varsity Football Team, the defending CIF champs, began with a new look this year. With Coach DiTomaso's departure at the end of last year. Coach Larry Shepard took the helm. With two years of assistant coaching under Mr. DiTomaso he was ably qualified to take over this year. Although this year's team was not of as high a calibre as last year's CIF champions, everyone looked forward to a highly successful season.

On paper, the team looked good, With Brown and George hitting the holes made by Derenthal and Co., the running game appeared stable. In the passing department, QB Charlie Flower had receivers Banton, Adams, and Ghio to throw to. As always, our defense looked good. With LB Mascari, Ramirez, and the Ricks Bros. and defensive linemen Ambort, Jacobs, and Joyner plugging the holes, the secondary (Adams, Gastellum, and the Curiels), stopped the pass. It all looked good and in the opener against Clairemont, it proved so.

Saints opened their 1971 season by kicking off to Clairemont and immediately showed everyone they meant business. After holding Clairemont to a 4th and 11, a bad snap from the center was picked up by Larry Mascari, who raced 47 yards to the first tally of the season. The offense, not to be outdone, came back with two TD passes before the half. They were both Flower to Adams aerials; good for 13 and 27 yards, respectively. In the third quarter, Clairemont scored once, the only flaw in an impressive defensive game. In the fourth quarter, having had success with the passing game, Flower turned to the run. Brown hit the middle for 14 yards and a score. He also took a pass from Flower for a 51-yard TD. The backfield was superb, gaining 172 yards, including 108 by Brown. This game was mostly an offensive show with a total 32 points amassed by Saints. The defense had a great game, but their best effort was the next week, vs. Uni.

The first time Uni got the ball, the defense stopped them cold and on our first play from scrimmage George ran around end for a 35 yard touchdown. Saints 7, Uni 0. It was in this game that the Saints defense was at its best. Throughout the game they held Uni to 4th and long situations deep in their own territory (4-18, 4-16, 4-23). Uni was held to one first the entire game and a net running game of -38 yards. Their biggest ground gainer had five yards while the Purple Gang's line sacked Uni's QB for 44 yards in losses. Meanwhile Mascari picked off one interception; Terhaar recovered two fumbles. Uni's lone score came on a one-yard plunge after Saints fumbled on its own one. It proved futile as Saints won handily, 21-6.

With two runaway victories behind them the Saints readied themselves for the Patriots in one of the most important games of the year. A victory here would keep Saints CIF hopes alive. From the beginning, however, things went wrong. The Patriots, utilizing their running game, and assisted by Saints penalties, scored on their first drive. Faced with such a deficit, the Saints found it difficult to get started. They did score after

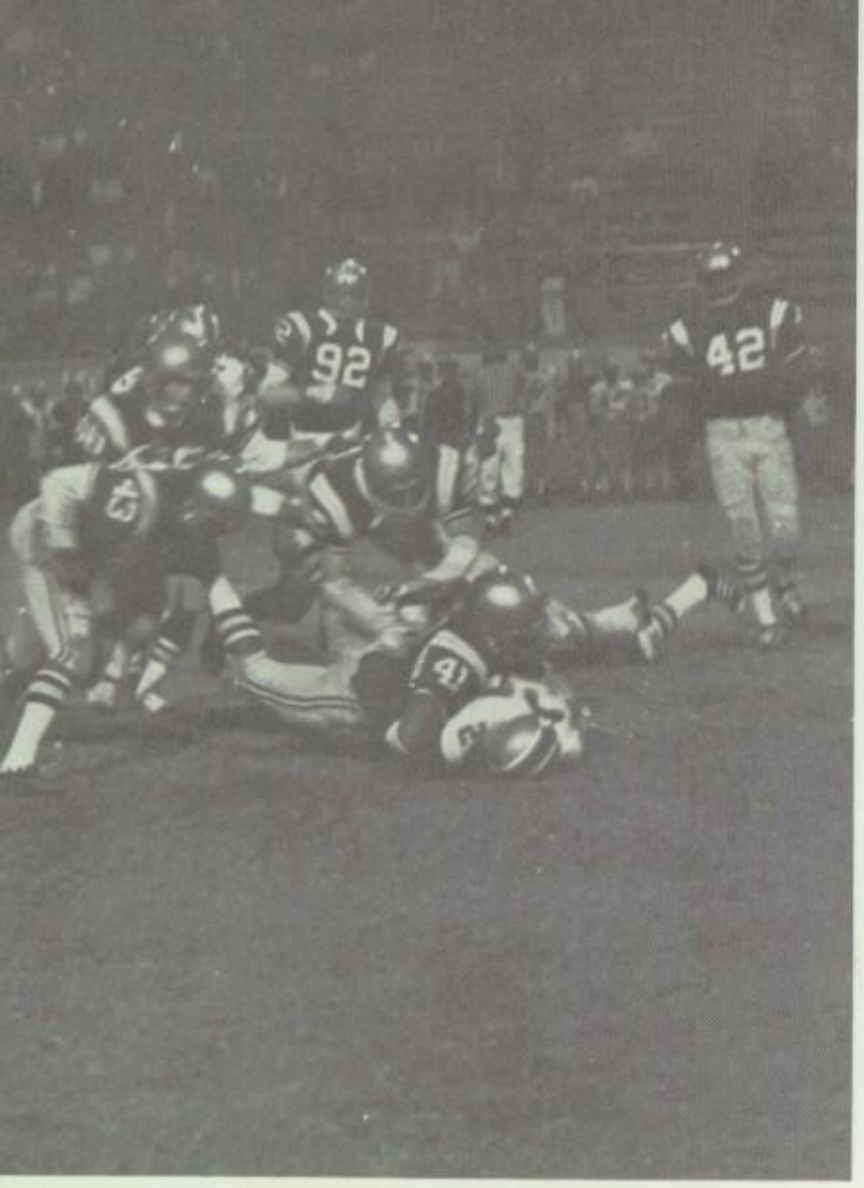
a Henry fumble and added a two point play to make the score Henry 17, Saints 8.

As the 50th Homecoming Week drew to a close, the Purple Gang squared off against a suprisingly undefeated Crawford team. Saints first break came as the defense forced a Crawford fumble which was recovered on their 19. Two plays later, Flower was in for the score and Saints led 7-0. Although they were behind by a TD at the half, Saints was

not out of it yet. Putting together a drive in the third quarter, the Saints scored and with the extra point, went ahead 14-13. But on this night, Crawford was not to be denied. Late in the game, the Colts drove for the winning score, and the victory 21-14.

What eventually turned out as Saints only league victory was easily the most exciting game of the season. The teams battled for three quarters with no serious scoring threats. Then late in the 4th quarter Lincoln scored on a 12-yard run. With less than a minute left, Saints got the ball Three runs netted 9 yards. On a fourth and one, Flower plunged for the first down. A series of runs followed, then a 13-yard toss to Ghio. From there, Calvin crashed in from the two, tying the score at 6-6. Flower threw to Banton for the two points and the victory, 8-6.

The Saints surprised no one as they destroyed La Jolla. The rushing game was impressive as Saints rushed for 278 yards, averaging five yards per carry and scoring three TD's. Individual honors went to Ollie Brown who carried ten times for 188 yards and three TD runs of 1, 49, and 81 yards. Not to be outdone, the defense picked off 7 interceptions and recovered two fumbles. McCarthy, Gastellum, Greg Ricks, and Humphrey each had one interception while George grabbed two (one for a TD). Calvin Ricks intercepted one and recovered one fumble while Ramirez recovered the other.



All in all, it was a great game for Saints as both the offense and defense played one of their best games of the year.

In a game somewhat reminiscent of last year's Super Bowl Game, Saints and Hoover fumbled and intercepted their way through 13 turnovers. Unfortunately, Saints 9 turnovers proved to be its downfall. Because of injuries which had weakened the team in key positions, a new shotgun formation was used. Saints moved the ball well, but an interception or fumble ended the drives before we hit paydirt. Meanwhile, Hoover, using a heavy aerial attack, drove to the only score of the game in the first quarter. It proved to be the margin of victory as Saints lost 7-0.

The game with Dego was pretty evenly matched. In the end, it was Dego's ability to come through with the big play that proved the difference. After taking an early 7-0 lead, the Saints saw it erased on a kickoff return and a fumble recovery which led to a score. By the 4th quarter, it was 22-15 Dego. Sophomore QB Jim Valenzuela entered the game to see his first prolonged action of the season. He got the ball on the Saints 39 and proceeded to move the team well. Running from a shotgun formation, he hit Jackson for 9 then Brown for 19 followed by Ghio for 4. Jackson got 6 more on a pass then Ricks got 11. The ball was on Dego's 15 when Valenzuela was dropped for a loss. The drive stalled and, unfortunately, the game ended as Saints lost 22-15.

What can be said about a 0-0 tie with Morse? Most of the game was played between the 20's and there were no real scoring threats until late in the game. The biggest highlight of the game came just before half-time as a bench-emptying brawl had both teams making acquaintances in the middle of the field. The brawl, in which many Saintsmen saw their first action of the year, was ended after a few minutes and peace was restored. The second half looked much like the first. As the teams left the field, friendly terms prevailed. It was the last game of the season for the Saints who finished 4-4-1.

JUNIOR VARSITY FOOTBALL

Although this year's Junior Varsity Team did not win an Eastern League Championship, they did make a good showing of themselves. The team compiled a 5-4 record, while facing some of the toughest competition ever. Because of the number of capable backs, including Flores and Ferry, it was mostly a running team. In tight situations, QB Martinez hit WR's Garrison and Taylor for big gains. The pass defense was superb. Middle LB Goebel led the way with assistance from Frutos, Solomon and Hanley. Deep men Bojorquez, Ferry and Garrison helped stop the passes.

Defensive lineman included McGirr, Strickland, Row, Lee, and Yeatts. The experience gained from playing on the J.V. should help these men if they decide to go on to the Varsity.

Cross Country

On any afternoon in the fall of the year, if you happen to be in the area of Balboa Park, you might see a dedicated group of men running the 2½ mile course there. This is the Cross Country Team. Compiling an overall 40-5 record, under the direction of Coach "O", the team fielded some of the best talent seen in recent years.

Leading the team was Arthur Brown, who was the individual winner of the Aztec and Mt. SAC Invitationals. He also placed 4th in the C.I.F. Finals. Doug Smith, another outstanding member of the team, finished 3rd in the Aztec and Mt. SAC Invitationals. Finally, Freshman Jay McCarthy proved a big help, finishing 4th in the Aztec and 8th in the Mt. SAC meet.

The team finished 20th of 169 schools in the Mt. SAC meet and first in the Aztec Invitationals. Overall, it was one of the most successful teams in many years, and a lot of credit must go to its coach, Bill O'Shaughnessy.

VARSITY BASKETBALL

This year's Varsity Basketball team, while not one of our most successful teams, was surely one of the most exciting to ever play on Saints' court. In nine games the difference between winning and losing was three points or less. And with a total of only 34 more points over the 12-game season, Coach Hardick's squad would have been in the playoffs.

The only problem, if it could be called that, was a lack of experience. Of the five starters, only one was a senior, center Bob McIver.

Bob, Eastern League Player of the Year, led the team in both scoring (499 pts.) and rebounding (352), ending his three year career with over 1,000 points and 675 rebounds.

With the loss of Dave Applegate early in the season, Tom Merritt was given the task of filling in. Tom responded by shooting 30% for the season. The other forward, Sophomore Ron Wiggins, added an average of 10 points a game and grabbed the rebounds that McIver couldn't reach.

Guards Ollie Brown, Tom Shevlin and Randy Hungate excited the crowd with their fancy ball-handling, assists, long jumpshots, and numerous steals.

Loses to Lincoln and Henry are hard to forget. But the excitement, the closeness of the battles and the deafening cheer of the crowds week after week will long be remembered.

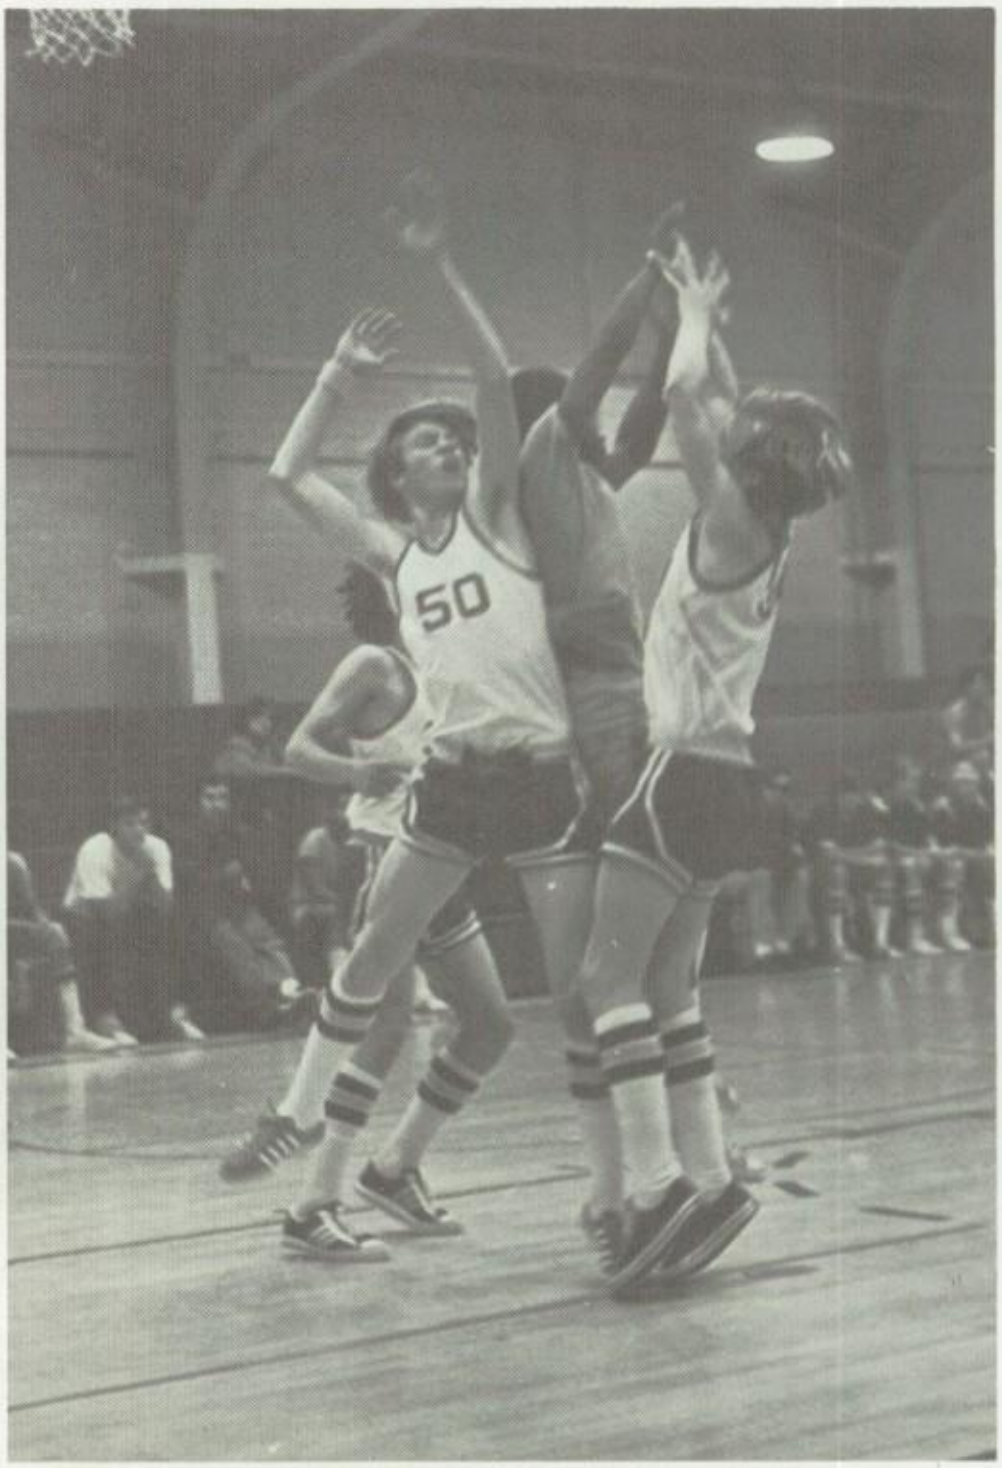
FRESHMAN BASKETBALL

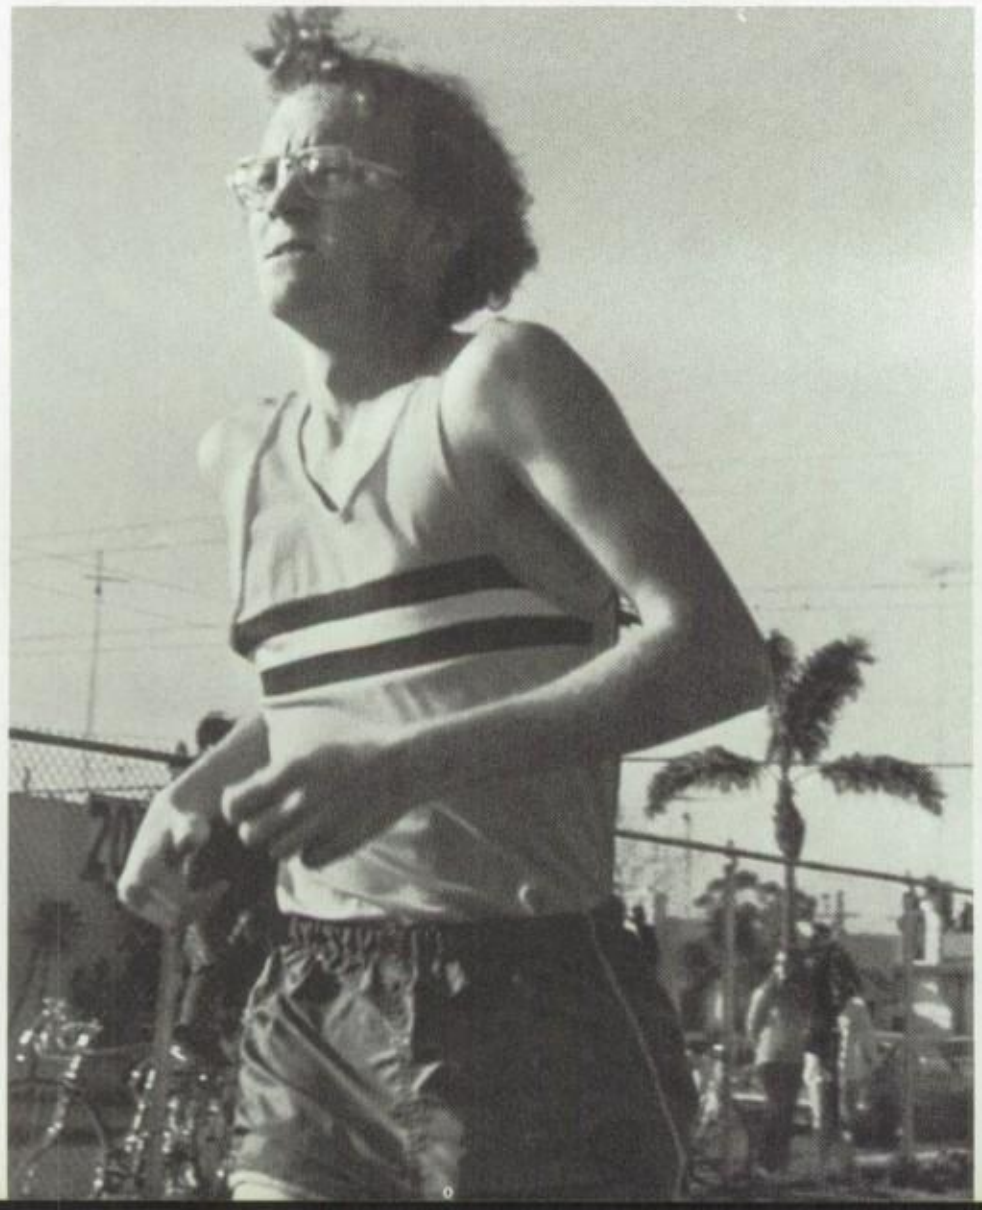


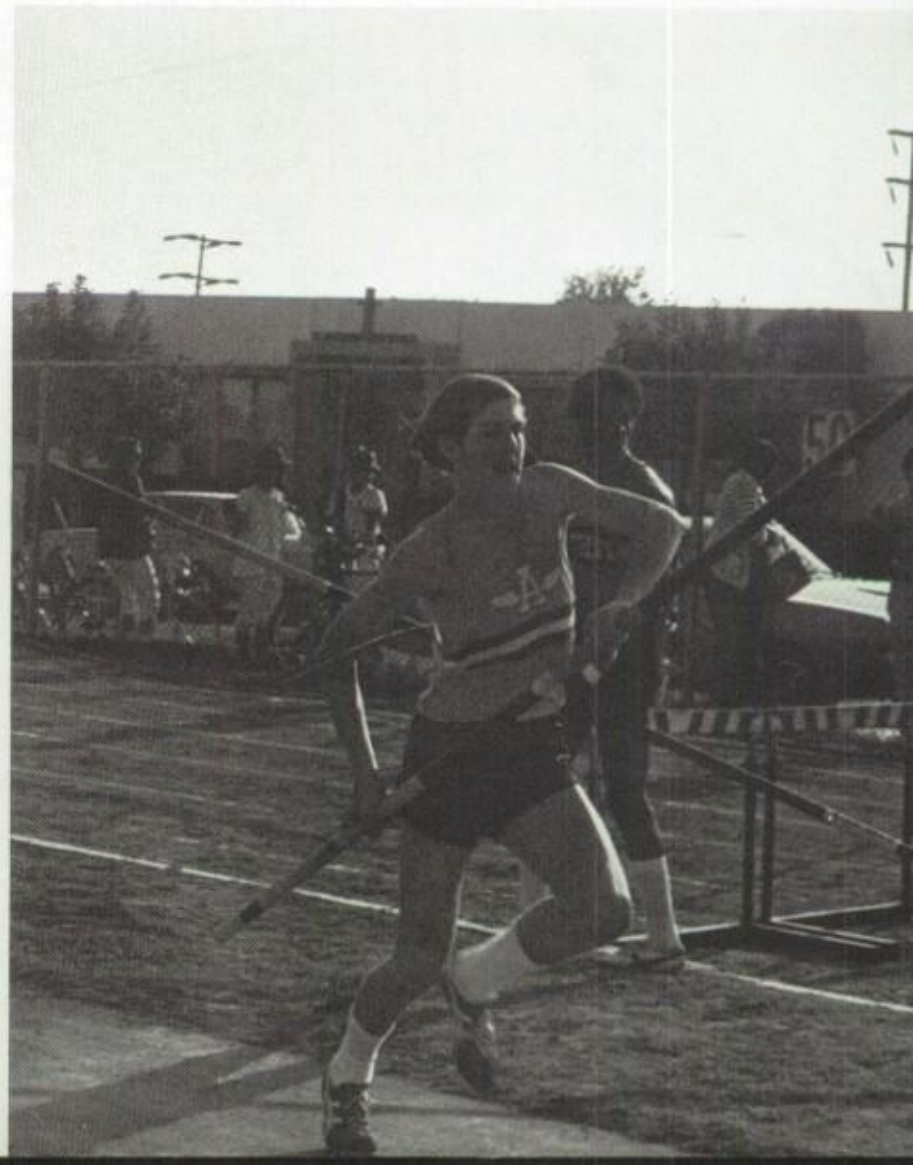
SOCCER

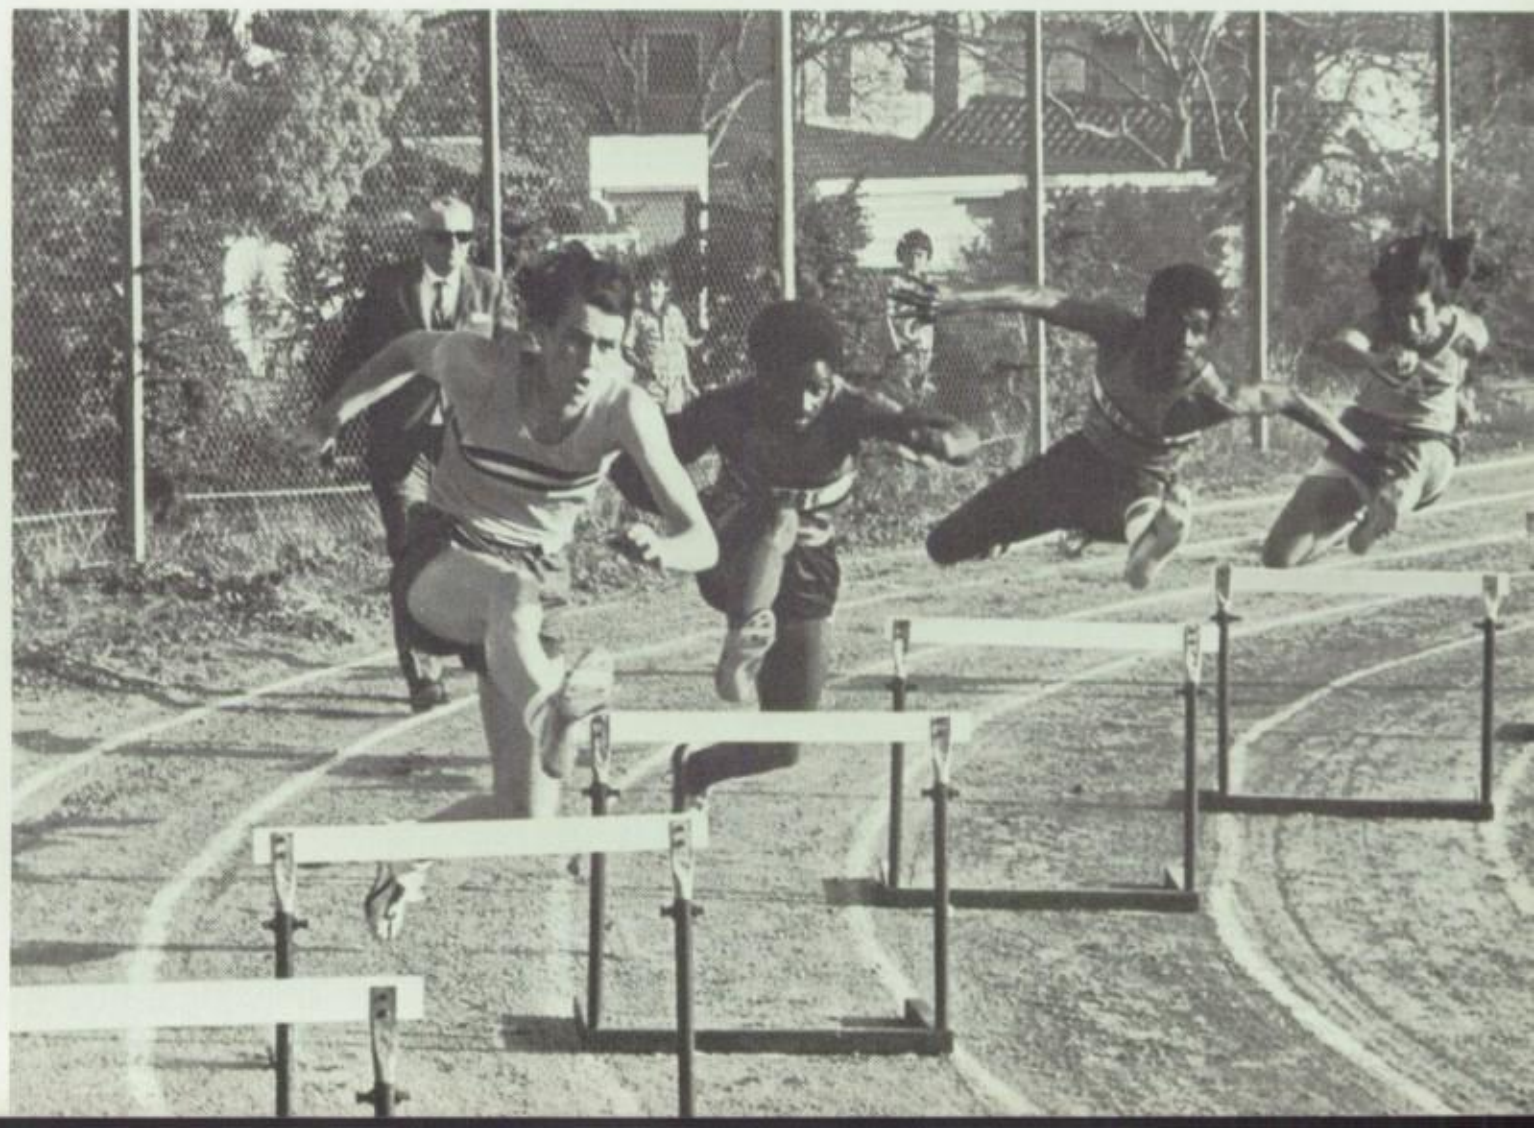
The Soccer team met with some amount of success this year under the direction of the illustrious Frank Riley, who proclaimed that he "only did it for kicks". Injuries plagued the team, which received many bad breaks during the season, including Jose Kelly's nose. But seriously folks, with a few less injuries and a few more fans, the Soccer team would have had a more rewarding season.

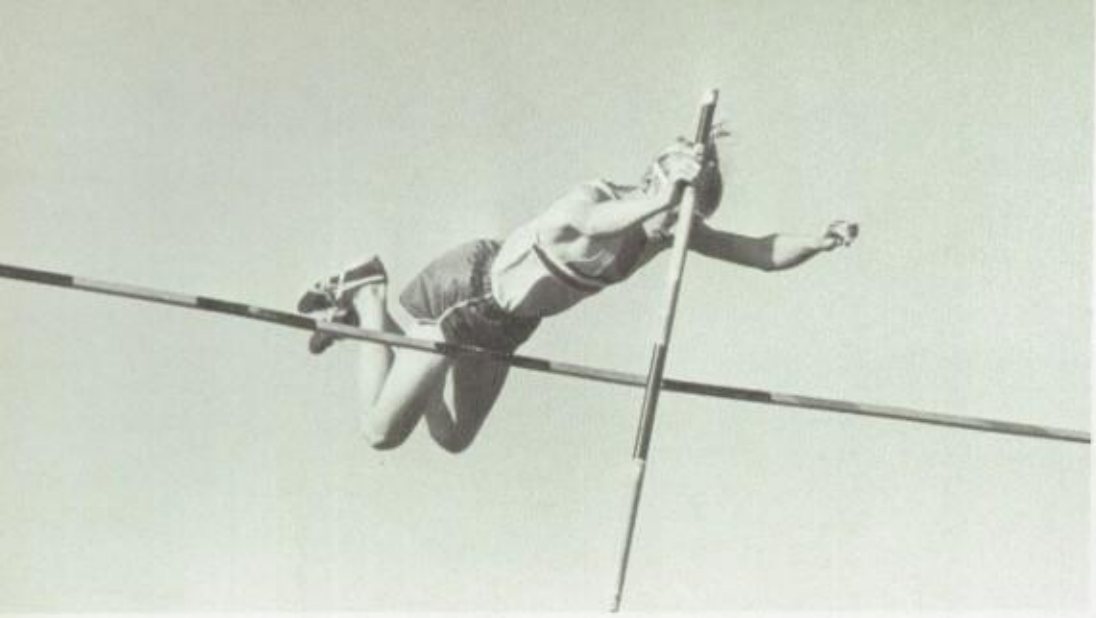
TRACK

As of this writing, the Track season was just under way. Under the leadership of new head coach Dan Schaitel the team blazed it's way through many individual victories. Standouts included Brian Newell in the pole vault (with assistance from Randy Hungate), and the thus-far undefeated mile relay team consisting of Jim Kirk, Dave Forsythe, Doug Smith, and anchorman Joe Loomis.



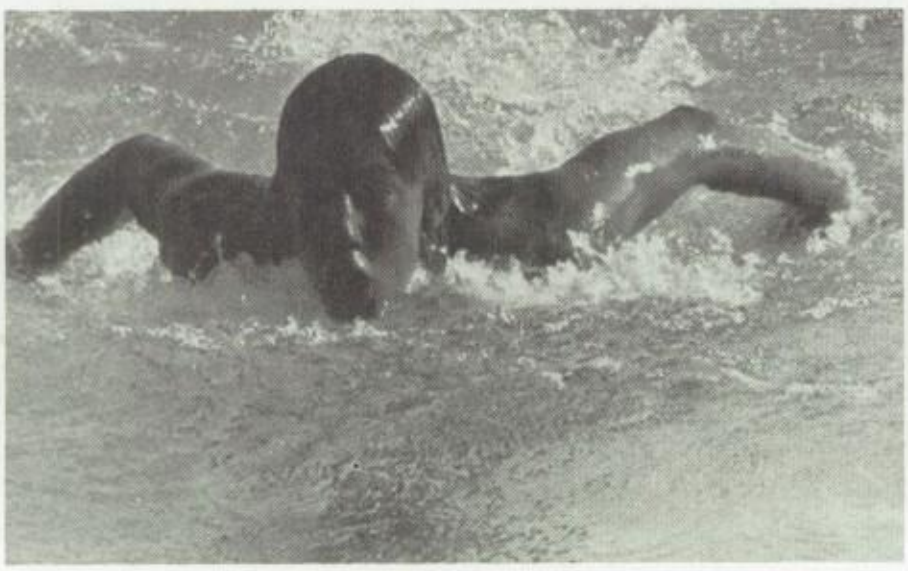






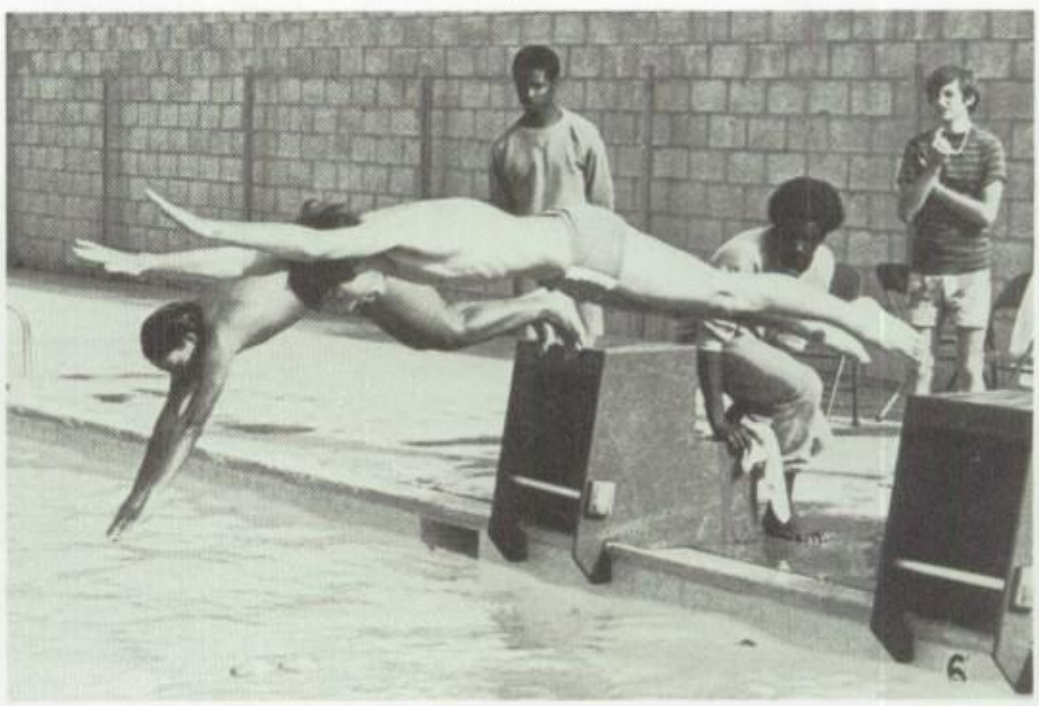
GOLF

At the time of this writing, the golf season was barely under way. However, Coach MacDonald was confident that this was the finest team he had ever coached. Experience abounded in returning lettermen Mike Hyatt and Brian Drummy; and freshmen Tony Valdez and Tony Radick added depth to the team.

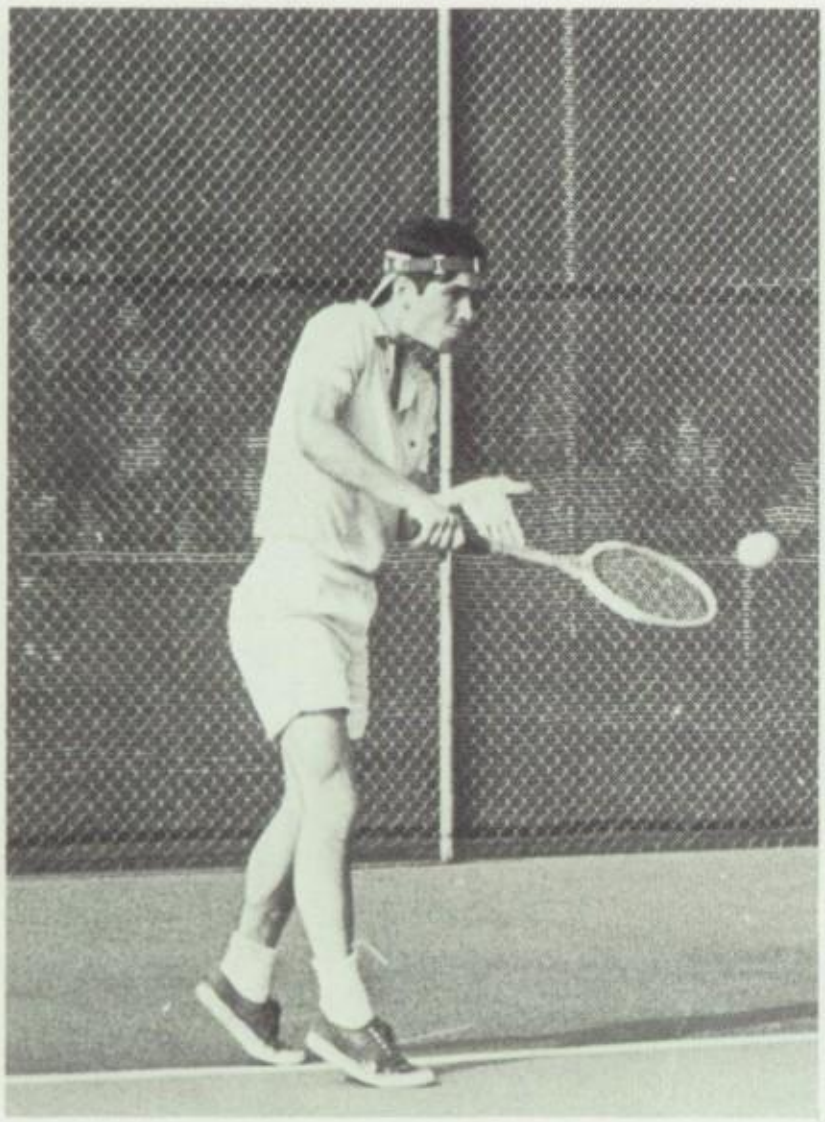


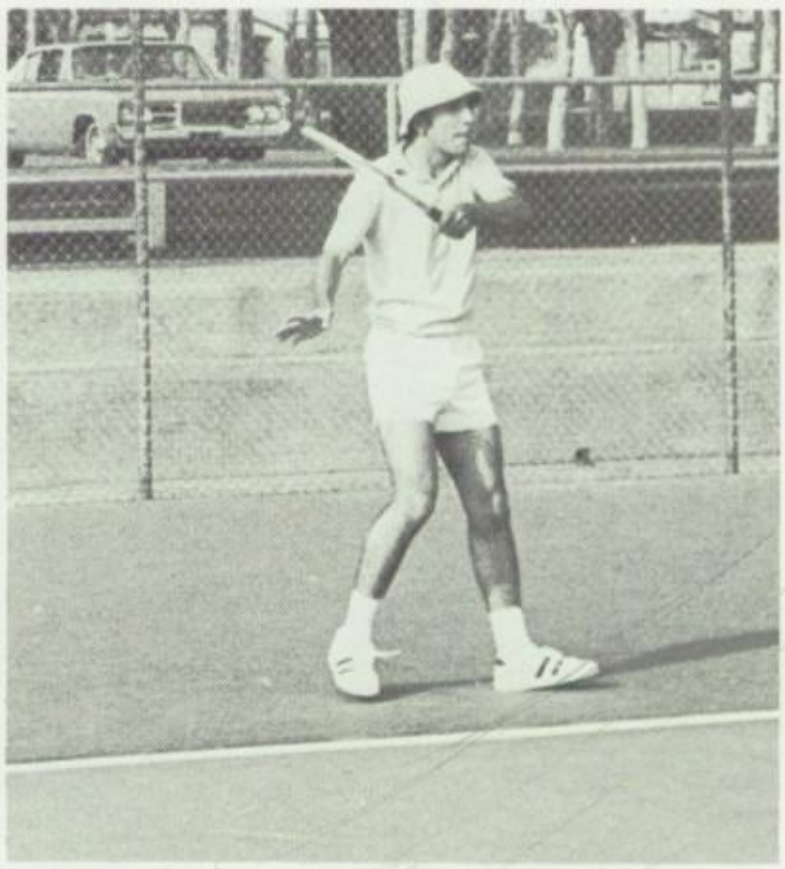
SWIMMING

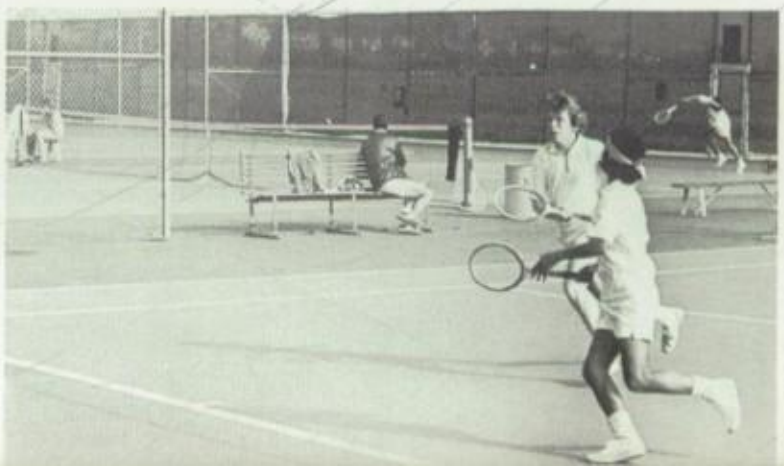
In his second year as head coach, Mr. Carl Jennings was blessed with both skill and depth in his swimmers. Returning were lettermen Brian Akre, Mark Augustin, Bill Benson, Steve Micheli and Jim Franklin. Other members of the team were Pat Ferguson, Don Rowe, Bill Yetman, Manuel Quinones and Jim Hanley. Because of the great number of underclassmen on the team, Saints can be sure of competitive teams in the years to come.



TENNIS







As is tradition at Saints, the 1972 Varsity Baseball team began the season with high hopes and the talented players with which to reach their goals. Early in the season the name Saint Augustine appeared on top in the Eastern League standings. The team is, at present, undefeated in league play and sights are set on a C.I.F. championship. Of the 15-man team, only six are seniors (Hank Adams, Jeff Ellison, Charlie Flower, Robert George, Greg Kinsel and Carlos Ramirez). All six are starters. With Briskey behind the plate and Adams, George, and Taylor in the outfield, infielders Kinsel, Ellison, Ramirez and Gastelum have little trouble backing up the pitching of Flower, Merritt and Williams. The man credited with putting together this most recent Varsity team is Coach Bill Whittaker. His fine coaching and leadership have led Saints to many victories. It's no wonder this year's team is striving to carry on Saints winning tradition.

An artist or craftsman can see his work in its entirety as he forms it. A yearbook editor is not an artist and can see only individual pages. It is difficult to tell before hand how well the pages will form a yearbook. For me, this yearbook is as much a surprise as it is for you. Perhaps it is a failure and will be considered comparable to some of the less popular annuals of the past. Perhaps it is an outstanding success. At this time I neither promise nor excuse. I present it and thank you for the opportunity of having been its editor. The experience was interesting.
